ONE KILLED, 2 SHOT IN FIGHT AT VALLEJO

Chauffeur Is Sought After Slaying of Man in Whose Home He Was Boarder; Son of Dead Man Wounded

Objections Made By Wife To Manner in Which Roomer Spoke To Boy Leads To Quarrel and Fatal Clash

VALLEJO, April 5.—Juan Padden, chauffeur at Mare Island, near midnight last night shot to death Frank Mantler, machinist's helper, at the navy yard, probably fatally shot A. J. Herrick Sr., machinist at the yards, and inflicted flesh wounds upon A. J. Herrick Jr., Herrick's little son. Mantler died almost instantly. Herrick is reported dying in a local hospital with a bullet wound in the abdomen.

The shooting followed a demand by Mrs. Herrick that Padden, who was a roomer in the Herrick home, 228 1/2 York street, pack his things and get out. Mrs. Herrick, however, insisted that Padden was talking to young Herrick in a manner she considered undesirable and took the matter up with her husband. It was decided that Padden must move and he was so informed two weeks ago.

Padden lingered at the home until last night, when upon his return from work shortly after 9 o'clock, Herrick went to the man's room and insisted that he take his leave. Padden, who had been seen earlier in the evening by Theresa Herrick, a daughter of the house, with a gun in his hand, denied that he had talked improperly with young Herrick, and Herrick Sr. went upstairs to awaken his son and get his version of the case.

Upon emerging from the boy's room Herrick encountered Padden, who had followed him. Padden drew a pistol and Herrick grasped it, but Padden threw him off and shot him. Mantler, also a roomer in the house, leaped upon Padden's back and tried to wrest the gun from him, but Padden threw him off also and shot him through the chest. Padden then deliberately turned the gun on young Herrick, but this time he was intended for his heart passed through the fleshy part of the chest and through his hand, which he had flung up to protect himself.

Padden fled the house. He is being sought.

30 Persons Die In Japan Storm; Damage Heavy
Southern Part of Country Is Visited By Gale; U. S. Ship Arrives Safely.

TOKYO, April 5.—(By the Associated Press.)—Great property damage was done and thirty lives were lost in a terrific storm which swept the southern coast of Japan on Sunday night. Telephone and telegraph lines are disconnected throughout the southern part of the empire. Tokyo still is in darkness and a number of houses were destroyed here.

The storm was especially severe in the harbor of Yokohama. The Japanese steamers Alabama Maru and Atlas Maru were damaged and the latter was ashore. The former vessel was about to sail for Seattle and had her passengers aboard.

Delayed dispatches received from the provinces report that there were many fatalities and it is said that many houses were demolished by the wind.

A naval cutter-captured near the mouth of Nagasaki, and an officer and eight blue-jackets were drowned.

Eight workmen were buried when a tunnel collapsed near Fukushima.

The Ibi Hida and Tenryu rivers in the province of Ise overflowed their banks and 2000 houses were flooded. The famous bridge across the Tenryu river was destroyed.

The American steamer Golden State successfully weathered the storm and arrived here yesterday. There were numerous receptions given her officers and men, the return of American shipping to the Pacific being welcomed by officials at Yokohama.

Temple Built in Thessaly in 400 B. C. Unearthed

(By Associated Press)
ATHENS, April 5.—Greek archaeologists have unearthed an imposing temple at Rorras, Thessaly. The structure is in an excellent state of preservation and is stated to be as large as the Temple of Jupiter at Olympia.

The bronze inscriptions establish the date of 400 B. C.

Administration Economy Plan To Be Dropped

Governor's Forces To Concentrate On One Measure For Finance Dept.

By AD B. SCHUSTER.
SACRAMENTO, April 5.—To the list of bubbles exploded at the present session of the state legislature there was added today one of the largest of all when the governor's plan to drop the administration economy plan was announced.

The plan to abolish the "consolidation and efficiency" program that has been heralded as one of the big administration coups and would appear to be a large victory for the few officeholders who would have been disturbed had the bills been passed. It is not a victory for the plan to abolish the "consolidation and efficiency" program that has been heralded as one of the big administration coups and would appear to be a large victory for the few officeholders who would have been disturbed had the bills been passed.

This is an abandonment of the plan to abolish the "consolidation and efficiency" program that has been heralded as one of the big administration coups and would appear to be a large victory for the few officeholders who would have been disturbed had the bills been passed.

For some time it has been apparent that the board and commissions aimed at in the governor's act have been at work with the legislature, that pressure of all kinds has been brought to bear and that there was a considerable weakening in the camp of those who would put through the bills. The same effects were noticeable in the ranks of those stalwarts who had proclaimed that they supported the taxpayers' bill, or a third measure that would cut deeper than the governor, until they were faced with the fact that the governor's measure was the only one that would pass.

The prediction today is that if any economy and efficiency reorganization measure is to be carried it will have to be on the initiative, and that it may take with it an entire state ticket.

REORGANIZATION BILL IS ON THE WAY

The department of finance bill is the pet one of the Stephens-White-Nourse group. It would consolidate the board of control, orphan aid, state fund, and electric company, motor vehicle money and other departments and functions into one. In some ways it would be a plan unlike any in the country in that it would allow the collection of the state funds to be disbursed, to spend and check on its own expenditures, to balance its own books, to carry on its own business, to carry out all of this reorganization discussion is to be the concentration of administration strength on the one measure.

THE BUREAU OF FINANCE BILL IS ON THE WAY

The flare-up occasioned by the increase in the gas rates is being greeted with "I told you so," by the men who fought the King bill and has occasioned some rather humorous sayings. Assemblyman C. C. Cadden, administration bulwark, who so wrought up over the action that he addressed a letter to the commission and mailed it, only to learn that it had been ignored by the governor, who had planned to seize all the publicity in sight by being the author of the protest. Then it was decided that action must be taken and the bill was introduced.

The resolution calls upon the commission to reopen the case and explain its action. Fellow passed his resolution all around, made public declaration of his intention to support it, and, despite all protests from his own camp, got it to the clerk's desk.

The resolution drags the King bill right onto the floor and renews the old animosities by declaring: "Whereas, such action by the Railroad Commission must have been based on a showing from the public service, under which was the responsibility for caring for the wounded veterans, as being poorly treated."

Combination of welfare agencies under one competent head was advocated in order better to care for those physically and mentally disabled.

GREEK ARMY CRUSHED BY TURK FORCE

Three Divisions Annihilated in Battle in Asia Minor; Two Escape Panic Stricken, Leaving Trail of Dead

Retreat Becomes Rout; Heavy Losses Sustained; Mohammedans Use German Plane; Joy Rides in Constantinople

By LAURENCE MOORE.
CONSTANTINOPLE, April 5.—Greek armies in Asia Minor have been shattered and routed by the Turks.

Despatches brought by couriers from Bursa and Samsat today showed the Greeks overwhelmed. Three divisions were annihilated. Two escaped in panic flight over the desert, leaving a broad trail of dead and dying, smashed wagons, abandoned guns, wrecked ambulances, maimed horses and flaming ruins.

The attack was launched according to the German plan. After artillery had flattened the light Greek defenses, the Turkish cavalry charged from their trenches in a great mass. The Greeks opened fire on the advancing masses with rifle and light machine gun, but were completely overpowered. The traditional weapon of the Turk, the scimitar, appeared.

Greek lines wavered and broke. Turkish forces were everywhere. Sometimes two and three riders, the animals galloped to the rear.

GREEK RETREAT BECOMES ROUT

The retreat became a rout. Along a sixty-mile front, the Crescent banners bobbed as the Turkish hosts pursued the enemy. Greek wounded were left on the ground, and the hospital service was disorganized.

Despatches found on Greek officers showed they were preparing to fight to the last. They had been told that the Turkish forces would be defeated. The Turkish forces were everywhere. Sometimes two and three riders, the animals galloped to the rear.

Even the veiled women were seen in the streets. The Turkish forces were everywhere. Sometimes two and three riders, the animals galloped to the rear.

Even the veiled women were seen in the streets. The Turkish forces were everywhere. Sometimes two and three riders, the animals galloped to the rear.

President Not Committed to Any Peace Plan

(By Associated Press)
WASHINGTON, April 5.—President Harding is not committed to any definite program with regard to a congressional declaration to declare the state of war with Germany at an end.

While the President voted for the Knox resolution when he was a member of the Senate and spoke favorably with regard to it in his address of acceptance, he is understood to feel that there is no occasion for precipitate action at this time.

The President's views with regard to the peace program are expected to be made known at the opening session of the new Congress which the executive may address in person. Meantime, it is known that the President and his advisers are growing more and more convinced that there is no practical way to consider the Versailles covenant.

Hoover Takes Up Rotarians' Plan For World Tour

Trade Survey Trip Proposed By Oakland Club Considered By Secretary.

Secretary of Commerce Herbert Hoover has under consideration a plan which is being fostered by the Oakland Rotary Club and which has the unanimous endorsement of the Committee on Business Methods of the International Rotary Clubs to send a trade survey trip to Europe.

Announcement that the plan to send a trade survey trip to Europe has been carried to the Federal Government was made today by V. O. Lawrence, president of the Lawrence Warehouse Company, former president of the Oakland Rotary Club and proponent of the plan.

TROOPS SENT TO ENGLAND'S COAL FIELDS

10,000 Men in Ireland Are Recalled, Despatch Says; General Strike Deferred Pending Rail Men's Action

Rioting in Scottish Village Marks Walkout; 500 Workers Overpowered Guards At Denhar; Stop Operations

BY INTERNATIONAL NEWS SERVICE.
LONDON, April 5.—Ten thousand troops, recalled from Ireland, have arrived in England and are being dispatched to the coal fields, the International News Service learned this afternoon.

By LEADERS PRESS.
LONDON, April 5.—Britain's threatened general strike was deferred today when transport workers adjourned without taking a vote.

Called to decide what action to take in supporting the mine strike, the transport workers considered only routine reports. They are expected to take joint action with the railway union, whose executives met here tomorrow.

Great Britain was thrown back into war times today by the coal strike.

To combat what was accepted as a threatened industrial revolution, government agencies were empowered to assume control of mines, food, manufacture and shipping, steel, coal lines, canals, harbors, export trade, and all means of transportation. Some of these were to be taken over today.

SEVERE RESTRICTIONS WILL BE PROPOSED

Authorities were prepared to introduce the most severe restrictions since the armistice.

To carry out its industrial program the government already has begun extensive military and naval movements. The navy recalled all men from furloughs and stopped leaves. Troops were distributed in such way as to give the government the greatest aid both in carrying on industries and in preserving peace.

Unemployment figures leaped by the thousands. Thirty thousand tannery workers joined the idle today. Two hundred thousand employed in food factories were laid off. 50,000 motor workers, 325,000 brewery employees and thousands in lesser trades were out of work.

Informal negotiations for settlement of the British coal strike are under way, according to the Manchester Guardian.

Proponent of Americanism GENERAL LEONARD WOOD, U. S. A., here enroute to Manila, where he will investigate island problems at President Harding's request.

General Wood Is Warmly Greeted On Arrival Here

Army men, Mayors, Citizens at Oakland Pier To Meet President's Envoy.

Major-General Leonard Wood, en route to Manila, arrived at the Oakland pier shortly after noon today from Washington, D. C. He was greeted by members of the American Legion and by various commanding officers of the Ninth Army Corps, as well as by mayors of the various Bay cities and prominent citizens.

Quarrelled as to the precise purpose of his mission to the Philippines, General Wood said he was "not at liberty" to make any statement beyond that already made by President Harding at Washington.

GENERAL WOOD ON INVESTIGATING TOUR

"Is it your purpose to make an investigation of the Philippine claims for independence?" he was asked.

"Not particularly," he answered. "I am going to investigate general conditions."

We have been meeting with most encouraging response," said General Wood. "These meetings are serving to keep alive the patriotic spirit born of the war."

The principal element for such success as the Philippine independence movement may have achieved is the indifference of loyal citizens.

"Those who are engaged in disseminating disloyal propaganda are a small but well organized group and they are doing their best to undermine the government's efforts in any way possible."

SHARP NOTE ON YAP GRAB SENT JAPAN

U. S. Declines To Admit Ever Giving Consent To Division of Islands of Pacific Between England and Nippon

This Government in New Communication Emphasizes That It Cannot Accept Arrangement; British View

BY INTERNATIONAL NEWS SERVICE.
WASHINGTON, April 5.—The United States has addressed a new note to Japan on the Yap controversy and the subject of mandates in general, which is understood to be much sharper in tone than any of its predecessors. It was learned here today.

The new communication is the latest in a series of diplomatic exchanges which have taken place between the two governments since the United States refused to agree to the disposal of the former German islands in the Pacific, to which Japan has stubbornly advanced claims under the mandate powers assigned her by the League of Nations.

Copies of this latest communication have been forwarded to the governments of Great Britain and France, as interested parties in the mandate controversy. It was also learned here.

It is understood that the United States positively declines to admit in this communication that this government ever gave its consent to the division of the islands of the Pacific north and south of the equator, while Great Britain and France, as interested parties in the mandate controversy, it was also learned here.

Under the division Japan was to get all the islands north of the equator, while Great Britain and France were to get the islands south of the equator. This government has steadfastly declined to recognize the justice or validity of this agreement. It has never given its consent to the division of the islands of the Pacific north and south of the equator, while Great Britain and France, as interested parties in the mandate controversy, it was also learned here.

Queen to Rule Jungle Folk

MRS. BRUCE V. DOUGLASS, former Oakland girl, who was to-day granted a divorce from her husband and awarded community property consisting of a huge estate in the Brazilian jungles, which she will rule over.

DIVORCE MAKES CONVICT'S WIFE JUNGLES QUEEN

Court Order Here Gives Oak-
lander Right to Big Bra-
zilian Acreage.

Right to rule as virtual queen over a kingdom of 1,440,000 acres of rubber land on Theodore Roosevelt's "River of Doubt," in the heart of Brazil, was conferred upon Ella M. Douglass by Superior Judge A. R. St. Sure today when he granted her a divorce from Bruce Vincent Douglass, alias John H. Douglass, who is serving time in the New York state penitentiary at Ossining.

That she could not claim the vast estate from the Brazilian government, which had given it to her husband for services rendered by him in aiding troops to suppress a rebellion of natives, without a court order, was the statement made by Mrs. Douglass when she asked that St. Sure grant her the community property.

How she and her husband fled across the continent on their honeymoon with detectives and police on their trail and how Douglass was finally converted on October 13, 1920, of grand larceny and sent to Ossining for one year and eight months, was told by the wife on the witness stand.

Inspector Harry H. Caldwell of the Oakland police bureau of criminal identification was a witness for Mrs. Douglass and certified to the fact that Douglass is now a convict in prison.

The 1,440,000 acres of land is described as being in the "State of Motto Grosso, at the mouth of the Juruvana river, and bounded by the Tapagos, Sumidor and Arinos rivers. Mrs. Douglass says that this land is rich in rubber and while it is in the wildest part of Brazil can be developed into a property worth millions of dollars.

The Ossining penitentiary authorities will hold Douglass for the Oakland police on his release. He is wanted here for passing bad checks. Mrs. Douglass, her name changed to Ella Mair Bennett, expects to go to Brazil to assert her claim to the jungle land.

Horses Run Away, Wreck Six Autos Parked in Street

FRIGHTENED by an explosion caused by the backfire of an automobile, a team of horses, hitched to a drag wagon belonging to the Muir Draying Company, lunged down Franklin street from Fourteenth and Franklin streets to Tenth street, where the wagon collided with six automobiles parked on the west side of Franklin street. The wagon skidded into the first, a limousine, smashing in the rear and damaging both tires, skipped on to the next, a light car, and wrecked the rear end of the trolley. Four other cars suffered likewise before one of the horses fell in the street and stopped the progress of the wagon. Although the street was crowded with vehicles, no damage was done other than to the cars parked along the curb. No one was hurt.

Small Claims Court Measure Is Passed

SACRAMENTO, April 5.—The establishing of a small claims court, where the small debtor and creditor may settle their differences without the need of expensive costs and attorneys, is the purpose of a bill that was passed by the assembly, Assemblyman Albert A. Rosenshine of San Francisco as its author.

It provides that the existing justices of the peace shall conduct the court. Its jurisdiction is limited to \$50 claims are the maximum. The plaintiff brings action in his own name, no assignments being permitted. The defendant is served through registered mail.

The hearings are informal, without counsel. On the judgment the court may call for payment forthwith or may arrange installment payments. No tie-up of wages or attachments or garnishments is permitted.

RECALL PLANS DENIED

FARGO, N. D., April 5.—The Non-Partisan League of North Dakota will not seek recall of any anti-Non-Partisan State officials or legislators. This decision was reached by the league executive State committee in session here last night. When the anti-recall decision on a recall election against league officials recently, it was reported that the league would start a sweeping retaliatory move.

STREET PARADE WILL OPEN BIG LEGION FIESTA

Gay Carnival and Circus To
Provide Fun For
Six Days.

Acres of gaily colored tents, towering riding devices and aerial apparatus, combined with several other varieties of show paraphernalia, were today transforming the lot at Nineteenth street and Telegraph avenue into a circus fairland, where thousands of people will revel each night at the first annual American Legion fiesta, under the direction of Oakland Post No. 5, beginning on Monday night, April 11.

The affair will be opened with a parade of ex-service men and show animals on Monday evening. The funds from the carnival will be used with which to maintain the club-rooms of Oakland Post No. 5, in the King building at Twelfth and Harrison streets.

The ponies, dogs and monkeys of the Policy Burk Shows are being put through their stunts at the carnival grounds in preparation for the opening night.

Japanese Fishermen, Exhausted, Picked Up

J. Suzuki and Y. Hirano, two Japanese fishermen who set out from Oakland Saturday in the fishing boat Lackawanna, and who nearly lost their lives when the boat became disabled, were brought to San Francisco yesterday by the freighter Eldorado. They were picked up near Point Lobos, fifty-five miles south of San Francisco, Sunday afternoon, by members of the Eldorado's crew.

Both men were practically exhausted with the long battle against the wind and waves, and Suzuki nearly lost his life during the rescue, when he was washed overboard while trying to make fast the line thrown out by the Eldorado.

The 1918 census put the population of the Philippines at 10,350,640.

Boy Scouts Plan Vaudeville Show

Troop No. 49, Boy Scouts of America, which is composed chiefly of pupils of the Franklin school, is arranging for the presentation of a vaudeville show in the Municipal theater the evening of April 28, according to H. J. Bemis, scout executive of the Oakland Council.

All of the proceeds will go to the Boy Scouts, who plan to use the money to buy uniforms.

Tickets are in the hands of the members of the troop, and they may also be obtained from Harry Teeple, scoutmaster, at the traffic bureau in the City Hall.

POLICE COMBING CITY FOR THIEVES; \$2500 24-HR. TOLL

Detectives Working Under Captain of Inspectors Timothy Flynn.

Determined to put an end to the scores of residence and apartment house robberies which have been brought to their attention within the past several weeks, police detectives working under orders of Acting Captain of Inspectors Timothy Flynn, are today making a search of the entire city. According to police reports this morning during the past 24 hours more than \$2500 have been realized by thieves in clothing, jewelry and currency.

In most of the cases reported the burglaries have been in apartment houses and police inspectors expressed the belief today that one gang, working under the direction of one or two leaders are responsible for the burglaries.

Last night's burglar victims are Misses Madeline Ingram and Kathryn Hubbell, Roselyn apartments, Nineteenth street and Telegraph avenue, apartment No. 47. Jewelry and clothing valued at \$1500 stolen.

Mrs. Martha Russell, apartment house at 635 Fourteenth street, apartment No. 6. More than \$500 in silverware taken.

\$500 GOTTEN HERE
G. A. Arthur, Harvard apartments, 524 Twenty-fifth street, apartment No. 15. Ladies' clothing and negligee valued at \$500.

Marie Nutmacher, 271 Twenty-third street, clothing and jewelry valued at \$500.

Harry Tibke, room No. 7, Panama hotel, 122 Seventh street, clothing and jewelry.

In practically all of the cases en-

Inquiry Into Gas Rates Will Not Be Pressed

(By Associated Press)
SACRAMENTO, April 5.—Legislative inquiry into the raise of rates allotted the Pacific Gas and Electric Company by the State Railroad Commission will not be pressed at present, according to Assemblyman Roy Feltner, who was yesterday urging inquiry.

Feltner yesterday prepared a resolution asking the State Railroad Commission to reopen the rate case.

Trance was gained by thieves who used pass keys.
Miss Ingram and Miss Hubbell are telephone operators. They left their apartment yesterday morning at about 10:35 o'clock and returned at 12:10 o'clock this morning. Sometime during their absence the thieves entered by a pass key and left after ransacking the apartment. A valuable diamond ring belonging to Miss Ingram was included in the loot.

PASS KEY USED
A pass key was also used to enter the apartment of Mrs. Russell. There the thieves turned out the contents of several drawers and trunks and took every piece of silverware in the place. She told the police this morning that the loot was valued at more than \$500.

At Arthur's apartment the burglars secured a large quantity of ladies' clothing and negligee. Entrance here was also made by pass key.

Thieves entered the home of Marie Nutmacher while she was absent by a pass key and escaped with clothing and jewelry. Among the loot, which was valued at \$500, was a valuable diamond brooch.

No value was placed on the clothing and jewelry stolen from the room of Tibke in the Panama hotel. In his absence, he told the police, and a pass key was used by the thief to enter the room.

From California's Legislative Halls

ROWELL EXPLAINS REASON FOR RAISE IN RATE ON GAS

Member of Rail Commission Says Increase Due to Higher Oil and Taxes.

BY ASSOCIATED PRESS
SACRAMENTO, April 5.—(Chester H. Rowell of the State Railroad Commission, who came to Sacramento for the announced purpose of conferring with members of the legislature in regard to a letter from Assemblyman Bradford S. Crittenden, discussing a recent raise of rates granted to the Pacific Gas and Electric Company, last night gave out an informal statement of the matters involved.)

Rowell said that this statement would dole out the full story of the commission, which would be prepared as soon as he could return to San Francisco and confer with his associates. The statement was prompted by Crittenden's letter, which asked on what basis the commission based the grant of an increase of rates. The opinion of the commission, he stated, was that it was indicated on increased taxation charges that would have to be borne by the gas company under the recently enacted King bill.

"The act in itself," Rowell said, "the relation of the tax element in this case does not differ from that played by all tax bills in all decisions of this and all other commissions from the beginning. The only new thing is in the amount of newspaper attention it has attracted."

TWO DECISIONS GIVEN
The commission rendered two decisions, on two successive days, the first reducing and the second increasing rates for service in the Southern California Edison Company case. Electric rates were reduced on an average about 6 per cent, though individual reductions amounted in some cases to 15 and even 25 per cent.

In the Pacific Gas and Electric Company case, the commission decided the next day, gas rates were increased on an average of 7 per cent. Each of these cases had been under consideration for some time, and would have been reached earlier except for the interference with the work of the commission caused by the legislative investigation. There was an urgent reason why the Southern California Edison case had to be decided by April 3, and the decision of the Pacific Gas and Electric case on gas rates was already long overdue.

"In both of these cases, as in all other cases, the tax rate was considered as an operating expense, making up the rates. If it had not been for this element, the reduction in the rates in the Southern California Edison case might have been 3 per cent, and the increase in the Pacific Gas and Electric case might have been only a little over 5 per cent."

REASON FOR INCREASE
"The principal reason for the increase in the gas rate was the increase in the price of oil. Since oil is the principal element in the production of gas and a rapidly decreasing element in the production of electricity, it was possible in the face of the rising price of oil to reduce the rate on electricity in the Southern California case, but it was impossible to do this with gas in the Northern California case."

"In the gas case, the tax increase covered only about one-fourth of the entire increase, and will amount, to the average domestic consumer, to about 5 cents a month."

"If the price of oil goes up or down, subsequent proceedings are provided for to change the price of gas accordingly."

TAXES ARE FACTOR
"I do not understand that any one had ever claimed that taxes would not be included in operating expenses in the determination of rates. This has always been done, under all tax rates in all cases. It is true, however, by the Southern California Edison case, increased taxes do not necessarily mean increased rates, and may mean decreased rates. If the general cost of rendering the service of public service corporations goes down, the rates can be reduced accordingly. When the cost goes up to a point which deprives the companies of a proper return, this fact must be taken into consideration in fixing rates. The relation of the tax factor to the whole problem is the same in both cases."

"The question asked in Crittenden's letter will doubtless all be met in a reply by the commission. Each of the questions which he suggested should have been considered was considered in the decision, under certain circumstances of the particular case, were not involved in it."

Alien Fishing Bill Favorably Reported

SACRAMENTO, April 5.—(Inman's fishing bill prohibiting aliens ineligible to citizenship from fishing in California waters was ordered out of the senate fish and game committee last night with favorable consideration. Representatives of the Booth Packing Company and Van Camp Packing Company of San Pedro opposed the measure.)

Proponents of the bill held that unless restriction were placed upon the activities of the Japanese fishermen the fishing industry would soon pass from the control of the Caucasian race.

The committee was told that at San Pedro out of 25 fishing boats of the Japanese 15 are Japanese. The proposed law would enforce a federal statute which omitted to provide penalty for violation, of which it is claimed, the Japanese have taken advantage.

Battle on Budget Is Delayed in Senate

SACRAMENTO, April 4.—The floor of the senate over the budget declaration of findings was delayed from this morning to this afternoon.

Early part of the day both sides were lining up for the budget. The matter was discussed both within and outside the senate.

J. Carr, chairman of the committee, whose report is to be for adoption, matter with members

Bill for Enlarged Navy Base to Be Put Through

TRIBUNE BUREAU, SACRAMENTO, April 5.—The request of the United States government that the California legislature transfer title to a strip of land west of the Alameda naval base site from the state to the nation was put before the joint committee on commerce and navigation by leaders in the Alameda and Oakland chambers of commerce this evening.

In reply Mayor Roney of Vallejo and J. J. Hogan, secretary of the chamber of commerce of that city, put the case of their community, arguing that no legislative action should be taken and that the "right" for the naval base was still on.

A canvass of the committee today makes it plain that the bill granting title to the land will be reported out favorably, and there appears to be no doubt but the measure will carry in both houses. All of the local delegation members are busying themselves with the bill, and the bill, Hurley leading the forces in the assembly and Senators Reed and Orr in the senate.

Senator J. M. Inman of Sacramento, opponent of the bill, predicted of the meeting, allowing each side full opportunity to present its case and acting with absolute fairness to all the speakers. As head of the Alameda delegation, Inman was expected to present the case. Mayor Frank Orr of Alameda spoke briefly, describing the land in question. He then introduced Joseph E. Carr, chairman of the committee of the Oakland Chamber of Commerce.

EXPLAINED BY CAINE
Caine said:

"Back in 1916 congress appointed a naval commission to investigate the naval facilities needed. At a meeting of all the chambers of commerce an agreement was reached that each chamber should present its available facts and leave the selection to this high congressional body."

"Neither Oakland nor Alameda had a site to present. An improvement club in East Oakland suggested San Pablo bay and a Richmond club suggested Albany. It was after the Alameda commission went to San Francisco that Admiral Helm wrote asking that we submit data concerning the Alameda site. I mention this to show that the Alameda site was discovered by the naval commission."

Caine then reviewed the reports of the McKean and the joint naval affairs committee reports. He told of how the whole committee signed the recommendation to congress after having received the unanimous recommendation of the navy general board and described the progress of the matter in congress.

"The senate put the matter in the appropriation bill," said Caine, "and it was told to me that someone was objecting on the grounds of the title. I went to Admiral Parks and asked him what to do and he suggested that we ask the legislature while it was in session to grant the title to the land. This very land is mentioned in the bill before congress." Caine then introduced the appropriation bill which includes the lands in question and continued:

"I wish to dispel the idea that the lower bay is fighting Mare Island. We believe that Mare Island will be and should be continued and are not asking that anything should be taken away from it."

MUST CARE FOR FLEET
Mayor Orr then described the manner in which Alameda voted title to its lands and concluded: "That is not the question, the point is that the great fleet of the United States must be cared for. If the federal government desires this land its request should be heeded."

The opposition was in charge of Assemblyman Roney, who introduced J. J. Hogan and Mayor Roney as his speakers. "We don't believe that the government has really asked for this land," said Hogan, who read a telegram from Congressman Charles Curry saying that no official request had been made, "and we don't believe in putting the legislature on record on a proposition not yet decided. The decision of three committees, even, will not hold unless congress votes on the appropriation bill. The order will have to be made again, and the investigation may have to be made. We can show that we have the depth of water and the available land necessary for expansion, the two points questioned by the committees and we will fight to the finish."

SPEAKS FOR VALLEJO
Mayor Roney held that Vallejo had

proved in the past that naval expansion were not infallible and spoke of the effects on real estate if the base were put in Alameda holding that it would mean eventual abandonment of Mare Island.

"Give us a square deal," he urged, "and let the right side win."

The session was over in an hour's time. It was conducted without any show of feeling, and was listened to by a large gallery from the galleries. From Oakland were present Joseph E. Carr, Eugene Hollis, Walter Cole and others, and from Alameda Mayor Frank Orr, City Manager C. E. Hewes, City Attorney W. L. Locke, City Engineer C. E. Hickok, Carl Strom, president of the chamber of commerce, E. C. Soules, secretary, and H. C. Gallagher, J. S. McEwen and J. C. Stannard, directors.

Resolution Asks Rail Rate Hearings
SACRAMENTO, April 5.—The interstate commerce commission would be asked to hold hearings in California with a view to railroad rate adjustment under the provisions of a resolution offered by Senator King.

"Present excessive freight tariffs," the resolution recites, "is serious in its results to producers of agricultural and horticultural products in California and to the carriers as well, because of the fact that fruit and vegetables in large quantities are not shipped, but are allowed to go to waste."

The resolution requests that hearings be held in San Francisco and Los Angeles at the "earliest possible date."

Bay Farm Island As Reclamation District
TRIBUNE BUREAU, SACRAMENTO, April 5.—Bay Farm Island will be organized as a reclamation district with the power to issue bonds and transact business, if the bill introduced in the senate by Senator Edwin M. Otis of Alameda becomes a law. The proposed district is partly within Alameda and part in Oakland, and is largely devoted to truck gardening.

ADMINISTRATION NO LONGER BACKS ALL EIGHT BILLS

Forces Will Concentrate On Measure Creating Finance Department.

(Continued from Page One)

was reductions, falling prices of materials, etc."

It also holds that it was established during the King bill hearings that tax increases would easily be absorbed by the corporation, and not communicated to the people. A claim that is contradicted fully by those who fought the King bill and who hold that the certainty of increased taxes was the main reason for their position.

AGREEMENT REACHED OPINING CASE
An agreement was reached last night between Chester Rowell of the senate and J. J. Hogan and Crittenden that no action would be taken until the commission will have had time to state its position. Rowell is understood to have pledged a reopening of the case and an effort is being made to have this brought about by an application from some source other than the legislature.

This source, it seems probable, will be Oakland, where Leon Gray, assistant city attorney, who was interested in the hearing, will be asked to file the application. If this plan the commission will be sure of being placed in the position of legislative rebuke and the public will be guaranteed another hearing on the gas rates.

BRIEF ACTION IS LIKE ULTIMATUM
In the senate the King fight is going on all over again in the matter of the report of the steering committee for the recent budget hearings. The report was to have come up yesterday morning but Senator Arthur H. Reed halted it and precipitated a crisis by visiting the governor's office with something like an ultimatum.

"This report," said Reed, "would make office boys of the finance committee in that it lays down the course of action and leaves them no discretion. It is insisted upon, and I think it would be unwise, there will be a show-down in the senate."

There followed a hurried conference of all the administration leaders and the introduction of the report was delayed until the afternoon. The report would put the senate on record as favoring the Board of Control actions in each case, would instruct the finance committee not to allow a single increase, and would take a gentle slap at Max Thelen and the King bill opponents. It is so framed as to appear as a simple pledge for economy, the design being to put its framers in the position of being the economy advocates and forcing the King opponents to vote for it or stand accused of being willing to lift the lid on appropriations.

Senator Edwin M. Otis of Alameda and Senator M. R. Johnson of Monterey opposed this section of the report on the grounds that it would mean that no added appropriations may be given to the university at Berkeley or Davis, no matter how great the needs are shown to be, and that, unless some more money is given, free education must cease and a tuition system be established. Senator E. J. Gates of South Pasadena, chairman of the finance committee, saw in it an attempt to make the work of his committee meaningless and as a violation of custom and courtesy.

The proponents argued that it was a question of putting the lid on appropriations or opening the way for a "raid on the treasury," and joined

in a claim that the men who put the King bill through were the real workers for economy.

The effect of yesterday's meeting was to amend two sections of the steering committee report to take out criticism implied in the word "impracticable" and to apply the word "feasible" to the word "practicable." The plan for bond issue, and the words "at this time" meaning that the senate would not have a bond issue now.

The big victory gained by the opponents of the report was the striking of a declaration that no budget increases of any kind would be made, the paragraph taking direction out of the hands of the finance committee. An amendment will be brought out today making it possible to change the Board of Control's findings regarding the university.

The whole thing, Senator Arthur H. Reed, one of the strongest advocates of budget trimming, said today, "is not what it appears to be, a pledge of money saving, but an effort to have the senate approve the Board of Control and the administration in their every act. By wording the declarations so that the one who votes against them would appear to be against holding down appropriations, the administration is seeking to make it appear as if it has been the main advocates of economy and as if the men who fought the King bill are opposed to such a course."

"I will fight any plan to cripple the university," added Senator J. M. Johnson, an administration man, "no matter what form it takes. The King fight is brought into this argument in such a way as to seek to expose men to take a position which might result in harm."

GIRL STUDENTS SAY THEY CAN EARN OWN WAY

Experiences in Making Way
Through College Are
Related.

WOOSTER, Ohio, April 5.—More man has no corner on the business of working one's way through college.

Co-eds at Wooster College testify to this assertion in essays they have submitted to college authorities in a contest on "How I Worked My Way Through College."

Girls attending the college paid their expenses by performing various tasks, including cleaning house, ironing, waiting table, doing office work, caring for babies, doing laundry work, doing dishes at college dormitories, tutoring and working in factories.

"The sorry, of course, that conditions make it impossible for you to float through college on flowery beds of ease," but let me tell you, you'll enjoy school ever so much more if you pay for it all yourself," declares Miss Florence E. Wallace, of Wooster, a senior, whose essay was in the form of a letter to a friend to whom she divulged her experiences in working her way through school.

HAS THREE RULES
Miss Wallace laid down three rules to which she adheres. They are:

"First, pocket your false pride. Be proud only of being able to pay your own way.
"Second, take any job that offers, no matter how disagreeable or poorly paid. That kind of work, well done, usually leads to something better.
"Third, let everyone know you are willing to work. It pays to advertise."

Miss Wallace has earned money both summers and winters. Her favorite odd job is waiting table.

"I started when I was in high school," she confessed, "and I have become quite an expert. I have served at the country club, at college affairs, at private dinners and at three summer hotels. I have worked on Saturdays at a shoe store, and, later, at a clothing store. The objection to Saturday work is that nearly all the college games and parties come on that day."

BRINGS IN DUCATS
Miss Jean Wilson, whose parents are missionaries in India, has done some "domestic intervention" to "bring in the ducats," she said. Miss Lucile Cummings, of Rockford, Ill., declares that giving her name to the college Y. W. C. A. employment committee when she came to Wooster two years ago has afforded her plenty of work.

"The wife of a furloughed missionary wanted someone to help her get ready to go back to her work. So I gave her an afternoon a week which resolved itself into an ironing day. When other calls for ironing came, I accepted gladly. I spent Saturday mornings for one woman, cleaning house.
"Washing dishes at the dormitory proved to be lots of fun. I spent an hour in the kitchen every night, washing dishes. Yes, but I was also, getting acquainted with the other girls who work there. Being 'hall girl' proved a delightful experience. The work was, principally, answering the telephone and doorbell."

Accused Irish Agent Is Held At Vancouver

VANCOUVER, B. C., April 5.—O. T. Gratian Esmonde, alleged Irish republican agent, was arrested here on a charge of sedition, by order of Mayor R. H. Gale. The charge is said to have resulted from a report of a secret meeting held here last week at which Esmonde is alleged to have delivered an anti-British address.
Esmonde was detained on board the steamship Statkum on its arrival here last week until immigration authorities had investigated into the refusal of Australian authorities to permit him to land. He was finally allowed to debark here on condition that he proceeded at once to England.

Esmonde's Case for Esmonde—Is—Advertisement.

FOGGY NIGHTS AID TO CUPID, SAYS EXPERT

CHICAGO, April 5.—"Night's the time for wooing, oh!" said a well-known Scotch authority.
But L. C. Legner, in charge of the Cook county marriage bureau, has another version.
"When it's rainy and the fog settles down over the old town, why people just naturally get lonely," said Legner, "and they dream of cozy flats and fireplaces, slippers and homemade biscuits—they want to love and hold hands."
"So on rainy days we issue many more marriage licenses than when the sun is brightly shining."
Dan Cupid is still as active as ever this year but marriage licenses are falling off, according to Legner. High rents, the employment situation, or "something else" is the cause, Legner doesn't quite know.
Last year 42,503 couples were married in Cook county.
"This marriage license window is an excellent barometer for the country's economic condition," added Legner.
Cupid's agent, however, denied that romance is waning and that people aren't lovin' any more.
"One can be in love and not get married," he explained.
Vida, from the Erse language, is the feminine of David, and as such has the significance of "well beloved."

GALWAY PEACE SPOT IN IRELAND

GALWAY, April 5.—In comparison with Cork and other southern counties where the operations of the Irish Republican army are most vigorously carried on, Galway is a fairly peaceful spot. This is true also of Mayo and the west generally, but nowhere in Ireland are the forces of the British crown more in evidence and more active than in this city.
One looks from Galway harbor straight out to the Atlantic. It is the nearest European port to the United States and some day, hopeful citizens will tell you, liners from New York will dock here. In anticipation of that eagerly-awaited event, Galway some years ago built one of the biggest hotels in Ireland. It is now being used as quarters for military officers, only one floor being reserved for civilian trade. The stranger arriving at Galway enters this hotel at the railway station, running the gamut of secret service agents who inspect arriving and departing trains and scrutinize with great care every person on the platform.
The hotel is barricaded with barbed wire like a barrack, and as the guest mounts the stairway to his room he is stopped by a sentry who examines his luggage. But all this espionage is the usual thing one encounters throughout Ireland.

Dresses All Short; Tutors Pupils Alike

EMPORIA, Kas., April 5.—Because short dresses no longer indicate youth, Miss Florence Wright, county superintendent of instruction, has requested the teachers in the Lyon county schools to wear dresses that will distinguish them from their pupils. With the modern styles, it is difficult to distinguish the teacher in the school room, according to Miss Wright.

Women's Sport Hose 98c pair

With full-fashioned foot. Two-tone effects in green, brown, navy and tan mixtures. Slightly imperfect in weave.

A. Has School For Women Auto Drivers

LOS ANGELES, April 5.—In-creased numbers of women automobile drivers in Los Angeles has led to the establishment of a public lecture course for women who wish to be taught the fine points of their cars and how to drive them safely and tend them.

The lessons used are prepared by the National Safety Council as ap-plied to automobile traffic and the course is under the direction of the manager of the safety and fire prevention department of the Chamber of Commerce.

The planet Neptune was discovered in 1846.

Removes Hairy Growths Without Pain or Bothers

(Modes of Today)
It is not necessary to use a painful process to remove hairy growths, for with a little delicate handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered talc and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real talc. Mis fresh as wanted.—Advertisement.

U. S. To Guard Cash Postal Shipments

WASHINGTON, April 5.—Special safeguards around shipments of currency, worked out during the "crime wave" by a committee of two inspectors and one representative of the Postoffice Department, are in effect, it was announced at a conference between Postmaster-General Hays and postmasters. Eleven of the larger cities, inspectors working under the Postoffice Department, and in addition to the regular force, are charged with the safety of all cash shipments, it was said, and generally the plan has proved a success.

\$150,000 For Charity Left By Detroit Man

TORONTO, Ont., April 5.—Bequests totaling \$150,000 for charitable, religious and educational purposes in the United States and Canada were made in the will of J. Harrington Walker of Detroit, filed for probate here. The estate is valued at \$5,000,000, the bulk of which goes to the widow and children, residents of Detroit.

\$750 FOR BROKEN NECK.
SAN DIEGO, April 5.—J. T. Gay was awarded \$750 for a broken neck in the court of Superior Judge Carey today. He was suing the Sutherland Stage company for \$15,500, claiming that one of his neck vertebrae was cracked when he was thrown against the roof of a stage in which he was a passenger when the car struck a rut. He appeared in court.

Crockett May Hold Second Election

CROCKETT, April 4.—Plans to bond the Crockett school district to construct a new grammar school have been revived and it is likely another election will be held in the near future. Advocates of bonding the district propose an issue of from \$100,000 to \$150,000. Proposals to bond the district have failed twice to carry, many persons objecting to the site near the Community Auditorium on the ground that children would be in danger crossing the State highway.

Wilson Funeral At Home In Berkeley

BERKELEY, April 5.—Funeral services were conducted yesterday for Mrs. Joanna Halstead Wilson, mother of Miss Anna Wilson, principal of Miss Head's School, at the family home, 2535 Channing way. Mrs. Wilson, a native of Indiana, had resided in the bay section for thirty years. Besides her daughter she is survived by a son, Arthur E. Wilson, and a sister, Mrs. Mary E. Pacheco of Indiana. She was 76 years of age.

Funeral of Ex-Serviceman Held in Hayward

HAYWARD, April 5.—Funeral services for J. J. Gillen, ex-serviceman, were held Sunday afternoon in Hayward Post, No. 48, American Legion, at which Gillen was a member.

BIG RECREATION RALLY PLANNED

The National Physical Education Association convention will be held in Oakland July 19-23. Preliminary reports of the committee on arrangements and entertainment were presented on Saturday at a business meeting of the Bay Cities Physical Education and Recreation Association held at Stanford University and attended by representatives from playground and physical education departments in this part of the state. The Physical Educational Association from Oakland and San Francisco won from San Jose Y. M. C. A. in a volley ball tournament played between teams of business men. Lakeview, victor last year, Durant and Longfellow schools will hold on Friday at 1.30 p. m. an inter-school track meet at Mosswood playground. Rooters from the three schools will support their teams. Cole, Prescott, Lafayette and Clawson schools will meet at Cole school playgrounds also on Friday, when boys of 100 and 115 pound weights, and unlimited divisions will try out. Longfellow, Bay and Washington schools will compete for track honors at Bushrod Park tomorrow. Lincoln and Lavear athletes will meet at Lavear on Tuesday. Jefferson and Harrison schools will hold inter-class track meets on their yards on Friday.

War Secrets Out at Last!

Oakland Tribune Secures Great Lansing Book and Daniels' Story of Navy

All the world has been waiting for the story of former Secretary of State Lansing on the peace conference, the split with Wilson, the Shantung affair, the Japanese bluff of all the nations. It will be the most noted contribution to diplomatic literature of a decade. The Oakland TRIBUNE has secured exclusive rights for its newspaper publication in the San Francisco bay territory.

"What America Did and Failed to Do at Paris" will be answered by the man best qualified of all the statesmen to answer it. He will give a complete story of the confidential happenings inside the peace conference. Publication will start in the OAKLAND TRIBUNE Saturday, April 16.

The Year's Biggest Newspaper Features

Truths Never Before Revealed

Almost simultaneous with the Lansing publication will come Joseph Daniels' inside story of war secrets that have never before been trusted on paper. Sensational revelations will be made in his series of articles which will start in the Oakland TRIBUNE exclusively April 17. He will tell, inside facts regarding the biggest mine operation in the world's history—how we put the North Sea mine barrage in operation after the British declared it could not be done. Taking the little nursery rhymes away to war, the amazing story of Mother Goose

rhymes used to baffle German submarines. The thrilling story of submarine chaser 28 lost for a month in the Atlantic, avoiding capture and navigating under sails made of bed clothes to the Azores and safety. Tracking submarines; trailing the hornets from the time they left their nests; deep bomb tactics. How a safeguarded supremely important plan—guarding against German spies—some things we never trusted to paper—the mysterious disappearance of the "Black Plan" for war with Germany. Things never before revealed!

**Ebell Will Hold
Card Party in
Lieu of Luncheon**

MRS. M. A. ANDERSEN, hostess of the Ebell card party on Tuesday, April 12.

Function Will Provide Means
For Redecorating Auditorium and Stage.

The benefit card party which Ebell is substituting on Tuesday, April 12 for the regular luncheon will throw the entire Harrison-street clubhouse open to accommodate the several hundred guests who will be in attendance. Some weeks ago the club voted to redecorate the auditorium and stage. The brilliant function of next week will provide the means. The three floors of the building will be used to accommodate the clubwomen and their friends in the play hour. Attendance is not limited to Ebell membership.

Decorations may be made by any group which may care to join the elaborately-planned party. It is announced that each table will select its own garb. The committee in charge had named noon of Saturday the last date upon which registration of guests may be made. No restrictions have been placed upon the number.

Mrs. M. A. Andersen is chairman of the advisory committee, arranging the benefit with Mrs. W. E. Montgomerie, general chairman. The following women are heading the management groups: Mrs. Claude Mitchell finance; Mrs. A. H. Breed decorations and prizes; Mrs. Frank Holter tickets and chairs; Mrs. W. E. Pitzer refreshments. Mrs. Andersen will be receiving guests.

Reservations may be made through the house secretary, committee chairman or Ebell members.

**Labor Leader Starts
Term in Sing Sing**

ROSSING N. Y. April 5.—Robert P. Brindell, labor leader, convicted of extortion, has been transferred to Sing Sing prison to begin a sentence of ten years. The labor leader who had stepped smiling from the Tombs, appeared downcast when he arrived at Sing Sing. At the gate he said good by to his 11-year-old daughter who with friends of the family had followed her father. The child wept and Brindell lost his self-control for a moment.

SAN RAPHAEL MAN DIES
SAN RAPHAEL, April 5.—Peter Mullany, 76 years old, for more than fourteen years an employee of John Burk, dropped dead here yesterday while walking to the emergency hospital. Mullany had been ill for three days. He asked a friend, Dr. G. O. Connolly, to escort him to the hospital. They had left Mullany's hotel the North Shore on Third street and had just reached the courthouse when he sank to the pavement.

Wyer Wins in Suit For 50-50 Split Fee

SAN FRANCISCO, April 4. — Ed A. Meserve of Los Angeles, one candidate for governor, won a suit in the United States Circuit court of Appeals today when that court sustained a decision of the Los Angeles district court, awarding him a fee of \$2500. The defendant, Frank Hereford, an attorney, with whom Meserve entered into an agreement for a suit against the Silver Bell Copper company of Arizona. It was stipulated any fee awarded by the court should be split 50-50. Meserve says the first allowance of \$50,000 was paid in Hereford's sending him \$25,000, but with a message in which he stated that he did not intend to sue Meserve, and that Meserve was entitled to so much of the work. Meserve declared that the 50-50 agreement would have to stand. Meserve got \$2500. Hereford alleging, he that \$5000 had to be turned to the client. Meserve brought in the remaining \$2500 and the suit ended in with him.

THE ONLY WAY

Arrie, I'm thrilled to death and Bob is pleased. He told me last night, and that isn't all he said. Florence was truly elated blushing profusely. One day, Flo, tell me all about it. What's the cause of this jubilation? Well, Bob took me to the dance last night and Oh! but I had a glorious time, and he said he loved my dress and also— "Why this exchange right on top of that new suit?" Where on earth did you ever scrape the money to buy it? "I got everything at 50% on credit. Merely a promise to pay, and really, that's the only way to buy. You'll love the things." (The store for women is at 5th street; the men's store, 528 street.) Sh! and I told Bob he's going to get a suit today and I'm going to help him pick it out.—Advertisement.

ROTARY CLUB TO AID WILL CRESSY PLEASE CHILDREN

1600 Poor Little Ones To Be Entertained At Show Saturday.

Will Cressy, the Oakland Orphan and the Oakland Rotary Club are arranging to entertain the youngsters Saturday morning, April 9. Sixteen hundred poor children will be gathered in automobiles by members of the Rotary club from the different orphanages and charitable institutions and public schools and taken to the City Hall Plaza, where each child will be presented with an American flag and a bouquet of flowers. They will form a procession and march down Broadway to the Orphan, where a program has been arranged.

While waiting for the main show to start there will be a band concert, and a song contest between the boys and the girls. The girls will be led by Miss Alice Lloyd and the boys by Lowell Redfield. Each will have an accompanist at the piano. At 10:25 Max Horwinski, president of the Rotary club, will introduce Cressy, who will be followed at 10:30 by Oscar Marino and August, 10:40, Bert & Betty, 10:55, Alice Lloyd, 11:10, Ash and Hyams; 11:25, Paul Nolin, assisted by Sam Hyams, 11:35, exit march.

Each of the above acts has been specially prepared for the entertainment of the children by this week's headliners. As each of the children leaves the theater they will be presented with a bag containing refreshments.

Arrangements for the day are in charge of Group 7 of the Rotary club, Fred Bishoff, chairman. Harry Cornell, manager of the Orphan, is co-operating with Will Cressy to make this a great day for the children.

Miss Ghirardelli To Be Bride of Harry H. Magee

With society just recovering from the rush of Easter week and its succession of gaieties, tomorrow evening there will be the marriage of Miss Juanita Ghirardelli, daughter of Mrs. Louis Ghirardelli, and Harry Hush Magee, son of Mr. and Mrs. William A. Magee of Alden Farm. This, too, is to be a home ceremony at the Ghirardelli residence in Vernon Heights. A large number of the social set from either side of the bay will be guests, aside from the many ramifications of the families of the bride-elect and her fiancé. Both the Ghirardelli and Magee families are representative of social and financial interests in this section of the state.

Miss Elva Ghirardelli will be her sister's maid of honor and the bridesmaids will be Miss Elizabeth Magee, sister of Mr. Magee, and the Misses Katherine Armstrong and Katherine Maxwell.

Mr. and Mrs. Ray Simonds of Berkeley will be hosts to thirty of their friends at an alfresco affair Sunday morning, April 10, when breakfast will be served at 10:30 o'clock in the spacious gardens surrounding their home. Last season they were hosts at a similar affair, one of the happiest informals of the springtide.

The tea given by Miss Lydia Sturtevant at her home in Berkeley Sunday afternoon was in compliment to Signor Antonio de Grassi, who has but recently returned from New York. More than three hundred and fifty guests called during the afternoon. Assisting Miss Sturtevant to greet her guests were Mesdames Antonio de Grassi, Frank Stringham, Charles Mallory Dutton, Laurence Strauss and Frank Wickman.

GEARY-SCHMIDT WEDDING TOMORROW.

Another wedding tomorrow will be that of Miss Gertrude Schmidt and Ernest Goodman Geary, at the home of Mr. and Mrs. C. W. Schmidt in Webster street. Archdeacon Diney

ACTIVITIES OF WOMEN

of San Francisco will read the service. Only relatives and close friends will be guests. Mrs. C. G. Schwarz will be matron of honor and Logan Geary best man. A reception and wedding supper will follow the ceremony.

Mrs. Arthur Merrill Brown of San Francisco was the guest of honor this afternoon at a luncheon given by Mrs. William Pattani at her home in Piedmont. Tomorrow Mrs. Frederick Greenlee of Alameda will entertain at luncheon at the Sequoyah Country club.

BETROTHALS TOLD ON WEEK END.

The betrothal of two University of California graduates the week-end surprised their friends. That of Miss Madeline Benedict and Leroy Monroe Gimbal of this city came as a surprise to friends when Miss Mary Adams entertained Friday at the home of her parents in Piedmont. Both are members of the class of '20, the bride-elect being a member of the Kappa Kappa Gamma sorority while the bride-groom-to-be is a Kappa Sigma.

Gimbal is a son of Mr. and Mrs. Alexander Gimbal of San Francisco. The day following came news of the engagement of Miss Elizabeth Maltby, daughter of Mrs. Eleanor Maltby of Concord and E. Walter Hedges. It had leaked out a few days before but nevertheless it came as a surprise to many of the five hundred guests assembled. The announcement tea was given by the bridegroom-elect's mother, Mrs. Lella Butler Stoddard. Miss Maltby was a former Ransom's student.

Hedges was a student at the College of Agriculture, Davis and a Phi Alpha Iota fraternity man. Assisting the hostess to receive were Mesdames Edward Butler Bree-

den of San Francisco, Eleanor Maltby of Concord, Richard Derby, William Wilson, Arthur Randolph May, Edward Bowles and the Misses Doris Rodolph, Lorine Kinney, Georgia Towel, Harriet Rinder, Caroline Maltby and Julia Bennett.

POLO INTERESTS MANY AT RESORT

Del Monte continues gay these days with the polo tournament acting as the main attraction. The matches have been well attended and have been interwoven with a number of interesting social events.

Lafayette Hughes, member of the unbeaten Midwick polo four, and Mrs. Hughes, gave a dinner dance in the Palm Grill at the Hotel Del Monte with Mr. and Mrs. Grover Corvis, Mrs. Claus Sprickles, Mrs. Berlen Hughes, Carlton Burke, W. B. Houston, Arthur P. Perkins and James H. Minnick as their guests.

Mr. and Mrs. Fred Wilson of Spokane, who are keen polo enthusiasts, gave a dinner in the Palm Grill in the Hotel Del Monte the other evening.

An interesting wedding in college circles is to take place this evening at Hamilton Methodist Church in San Francisco, when Miss Dorothea Bothe and Louis Earl Paltenghi will be married. Miss Bothe is the daughter of Dr. and Mrs. A. C. Bothe of San Francisco, and Paltenghi, the son of Mr. and Mrs. Louis Paltenghi, formerly of San Francisco, but who have resided in Oakland for some years. Both are graduates of the University of California, and are prominent in college activities. After a sojourn in Southern California, the young couple will take up their residence in San Francisco.

GERARD BRANDS AS LIE STORY HE BETRAYED IRISH

Story He Gave Up Casement of German Origin, He Says; Woman Accuser Ousted.

BOSTON, April 5.—James W. Gerard, former ambassador to Germany, tonight characterized as a "liar" a rumor that he had betrayed Sir Roger Casement, Irish peer who was executed by the British government in 1916 on charges of treason.

Speaking in the Boston Opera House at a meeting in aid of the Irish relief fund, Gerard said: "Some German agents and traitors have charged me with betraying Sir Roger Casement. I want an opportunity to deny that lie. It was started in Germany."

The former ambassador claimed that the rumor was started by "an American, or one calling himself an American, by the name of Emerson, who, while connected with the National Guard in New York, was in the pay of Count von Bernstorff, former German ambassador here, and whose passport I succeeded in having revoked and who is still in Germany and afraid to come back to America."

When Gerard rose to speak he was greeted by cheering. A woman in the balcony shouted: "He (Gerard) is a man who betrayed Ireland."

Renewed cheering drowned out her voice as she tried to continue speaking. After she had been ejected from the balcony Gerard plunged into his speech.

Senator David Walsh of Massachusetts, presided at the meeting.

Renewed cheering drowned out her voice as she tried to continue speaking. After she had been ejected from the balcony Gerard plunged into his speech.

Senator David Walsh of Massachusetts, presided at the meeting.

Changes Offered To World Peace Pact

GENEVA, April 5.—(By the Associated Press)—China has submitted an amendment to Article 21 of the peace pact to the amendment committee, which met April 5, substituting the following for the existing text:

"The Monroe Doctrine is recognized as not incompatible with any provisions of the present pact."

Article 21 of the pact reads: "Nothing in this covenant shall be deemed to affect the validity of international engagements, such as treaties of arbitration or regional understandings like the Monroe Doctrine, for securing the maintenance of peace."

The Czechoslovak Government also desires to amend the article by substituting a new article with the object of encouraging the conclusion of any convention tending to complete and elucidate engagements made with a view to maintaining peace or international collaboration.

Holland has submitted two amendments. One modifying the system of election for non-permanent councilors and the other dealing with the rules of procedure. It also proposed an amendment to Article 6, whereby expenses of the league shall be borne by the members in a ratio to be fixed by the assembly.

France has announced that it will submit an amendment to Article 9 relating to a permanent advisory commission on military, naval and air questions generally.

By the term "corroha" is meant the small colored circles frequently seen around the sun or moon.

Ber's Cakes—for economy—15c—Advertisement.

Epsom's NEURITIS TABLETS

Piercing, knife-like pain in the shoulder—darting along the course of the inflamed nerve sheath—pain in the nape of the neck, causing eye strain, facial neuralgia and frontal headaches.

Nerve pain, sciatica and many kinds of rheumatic pain are caused by inflammation of the nerves.

IDER LAID TO BOY, 17
JUMBIA, Mo., April 5.—Vir-
well, 17, a school teacher, was
d with second degree murder
ing the death of Elzie Rush.
o was stabbed last night near
Home, Miller county, while
ing from a party. A quarrel
lated the stabbing, authori-
are informed.

FREIGHT EATS UP FURS
DUBUQUE, Ia., April 5.—A bill for
cents was the return received by
a local trapper whose catch annually
totals a worth-while amount from a
St. Louis fur house to whom he had
sent a shipment of furs, freight col-
lect. The freight bill amounted to
7 cents more than the furs brought.
Envelopes were first used in 1859.

FRANCE JOYOUS OVER AMERICAN NOTE TO BERLIN

Resentment in Germany Over
Attitude of U. S. On
Reparations.

PARIS, April 5.—The text of the
American note to Germany, published
here today, was hailed with jubila-
tion by the French press.
"Germany, checked in her at-
tempt to win President Harding's
support," says the Petit Parisien,
"will probably cease her evasions,
America's loyalty renders a great
service to France."
Le Petit Journal says:
"Germany in trying to evade her
debts, forgot that commercial hos-
tosity is one of the greatest American
virtues."
The only skeptic is "Parlinax,"
who objects to America's suggestion
to Germany to submit new proposi-
tions. He says all that is necessary
is that Germany accept the decision
reached at the recent conference in
London.

By FRANK E. MASON
International News Service Staff
Correspondent

BERLIN, April 5.—The exchange
of notes between Germany and the
United States will be the conspicu-
ously featured subject in the German
press today, but at this cabling the
German public was still in the dark
as to the exact contents of Secre-
tary of State Hughes' answer to
Foreign Minister Simons' recent
memorandum.

Hugo Stinnes, the German indus-
trial and newspaper magnate, writ-
ing in the Deutsche Allgemeine
Zeitung, bitterly resents America's
reported demands regarding the war
guilt question. He suggests that if
America is "guilt-seeking" she had
better go to Paris, London and Pe-
trograd. Stinnes repeats his warning
against placing any hopes in
America.

The Boersen Courier says:
"The allies' debt of \$10,000,000,000
to America is the explanation of
America's note to Germany."

Concert To Be Given In Fruitvale Church

A complimentary concert will be
given tomorrow night in the Fruit-
vale Congregational church, East
Sixteenth street and Fruitvale ave-
nue, by Mrs. J. E. Birmingham, so-
prano; Walter Campbell, basso; S. D.
Mayer, organ; Miss Sallie Osborne of
Boston, piano, assisted by the united
choirs of the Fruitvale church and
the First Methodist church of Ala-
bama. A silver offering will be re-
ceived toward the organ repair fund.
Women of the east end church, led
by Mrs. Henry Wetherbee, are spon-
soring the musical event, for which
a general invitation is extended to
the public.

Cruelty Charged in Divorce Complaint

Joe P. Mello, of San Leandro called
his wife a "tub in a barrel," told
her he would not go across the street
"with her to a dog fight," hit her in
the face, danced with and kissed
other women and remained away
from home until 4 and 5 a. m., ac-
cording to the divorce complaint of
Mrs. Aiverto Mello just filed.
Mrs. Mello asks \$100 a month al-
imony and custody of 18-months-old
Ruth. They were married May 29,
1918, in San Leandro and separated
April 1. The plaintiff charges her
husband tried to make her go to
work to support herself and babe.

The first iron smelting patent was
issued in 1820. The next year Lord
Dudley had an iron patent.

ACCUSED SLAYER OF FARM HANDS GOES TO TRIAL

Georgia Man Is Suspected of
Having Committed
Eleven Murders.

COVINGTON, Ga., April 5.—Fac-
ing trial on the first of three charges
of complicity in the murder of negro
farm hands he had employed, John
Williams, central figure in Georgia's
most sensational slayer case, ar-
rived here today from the county jail
at Atlanta and was immediately
taken to the county courthouse,
where preparations had been made
to start his trial on a charge of mur-
der in connection with the death of
Willie Preston.

Preston was one of three negroes
whose bodies were found in this
county in the Yellow river and
which led directly to the investiga-
tion which resulted in the discovery
of a tota of eleven bodies of Wil-
liams' former employees.

Greene F. Johnson, counsel for
Williams, asked for a continuance in
the trial of Williams on a charge of
murder when the case was called
and Solicitor General Brand an-
nounced the state ready for trial.
Johnson said he had not had time to
prepare his case.

One hundred ventremen, specially

SMILING TUTORS ARE BEST, SAYS CHICAGO CHIEF

CHICAGO, April 5.—Ability of
likely looking teacher's to smile
book learning into the unwilling
minds of pupils is the salvation of
the American public school system.
Edward J. Tobin, who is respon-
sible for the education of Cook
county children and who has 200
teachers under him, confided this
to the United Press today.

Tobin's desk was covered with
resignations from teachers who
are to be pulled from pedagogy
into matrimony.

"If I get them homely and stupid
then they are no good as teach-
ers," he said. "I get them good
looking and intelligent, then the
right man comes along and mar-
ries them."

"I'm glad things are like that,
though. Each passing beauty who
teaches for a while and then gets
married makes a wonderful con-
tribution to our educational sys-
tem. They put zip and zest into
the school routine."

summoned for this case, were on
hand when Judge Hutchison of the
State's Mountain circuit of the Geor-
gia Superior Court mounted the
bench.

The state scored its first point
when Judge Hutchison overruled the
defense's plea for a continuance.
Counsel for the defense made a vig-
orous fight, declaring they should
have time to examine Clyde Man-
ning, the state's star witness, and
then ten weeks to prepare the case.
They also declared there was a fault
in the indictment, in that it charges
Manning and Williams with having
killed Lindsey Peterson at a time
when his body was found.

'BLUE LAWS' WIN IN POMONA AFTER CLOSE BALLOTING

Margin of Fifty-Five Votes
Decides Theaters Must
Close On Sundays.

POMONA, April 5.—Pomona was
on record today in favor of "blue
laws," closing all the city's amuse-
ment places on Sunday.

The "blue laws" triumphed by a
margin of 55 votes. The blue law
ordinance received 2078 favorable
votes. Those who opposed the Sun-
day observance issue numbered
2023.

Defeat of the "antis" climaxed a
bitter fight that had divided the
tranquil valley city into rival camps.
Announcement of passage of the
ordinance was greeted by a roar of
mingled cheers and groans from a
throng which remained up all night
to await the outcome of the ballot-
ing.

Harry C. Arthur, chairman of the
American League of Freedom, op-
ponents of the closing measure, de-
clared today that his organization
will take legal steps to determine
its validity.

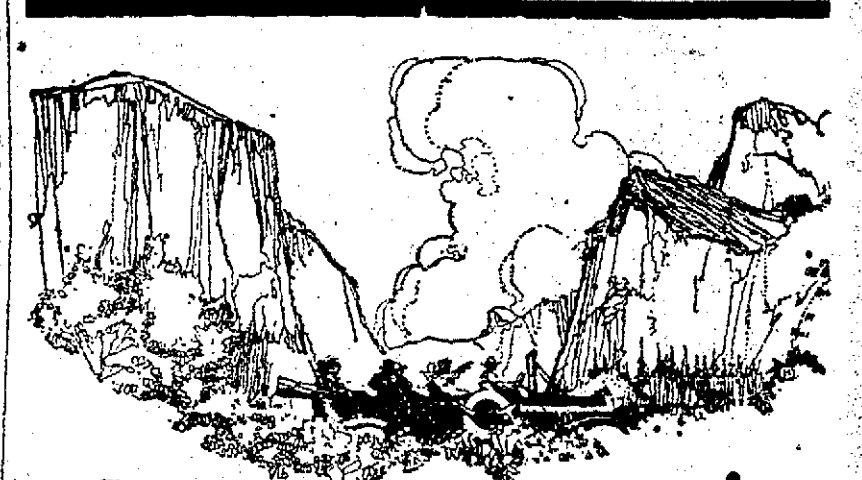

Theaters, Arthur asserted, will
continue to operate after the ordi-

nance becomes effective on May 11,
in order to make a test case.
George T. Liddle, chairman of the
Civic Betterment League, proponents
of the measure, declared the victory
was a protest against "out-of-town
forces which brazenly endeavored to
force their low standards of mor-
ality upon the people."

The total vote of 4101 in yester-
day's election showed that only two-
thirds of the registered population
of Pomona visited the polls to de-
fend or defeat the ordinance.

Idaho Visited By Raging Blizzard

IDAHO FALLS, Idaho, April 5.—
With a high wind raging the worst
blizzard of the year struck here
late yesterday afternoon and has
continued all night with unabated
fury, piling the streets in 12 hours
with over two feet of snow. This
storm follows on the mildest and
warmest spring on record.

The Gates of Spring!

Up in Yosemite—just overnight from you—Spring-
time is pouring out, for everyone who comes, such an
abundance of new life, new energy, such melody of
birds and streams, such wistful beauty in her mirror
lakes and mighty peaks as you may never have seen
or felt.

Yosemite Lodge, with redwood cabins under the
pines (\$5 to \$7.50 a day) and Yosemite Lodge Annex
(\$3.50 a day) open April 15. Sentinel Hotel is ready for
you now.

Start today if you can.

The Ice Cream Fight—No. 11

Why We Have a Fight on Our Hands

Had the Miller Creamery Company been satisfied to "stay put," had it lacked energy and initiative and known nothing of the elements of success—this company would never have incurred the wrath of the Ice Cream Trust. Our business would have been beneath the dignity of the trust to notice.

Each succeeding year found a substantial increase in our business, the result of giving better quality at a lower price. Finding a real market demand for Miller's Quality Ice Cream, we branched out. We shipped into territory owned and controlled by the Ice Cream Trust.

Our product followed our customers when they went away for the summer, to the seashore, to the mountains, and resorts. We sold ice cream in San Francisco, we shipped north and south and east as far as the State of Nevada.

Then the Trust decided it was time that our competition must be eliminated. It has not been eliminated and will not be eliminated so long as the ice-cream-consuming public demands that it wants a superior article at a lower price. When the public wants an inferior article at a high price then the Ice Cream Trust has an opportunity of putting the Miller Creamery Company out of business—"no matter how much money it costs."

If you believe in fair
play insist on Miller's
Quality Ice Cream.

EXCLUSION BODY ADOPTS POLICY TOWARD ASIATICS

Principles Outlined By Anti-
Japanese Leagues Taken
To Washington.

SAN FRANCISCO, April 5.—The Japanese Exclusion League of California has outlined a declaration of policy for protection of American interests in connection with the subject of Japanese immigration, and will urge action by the new Federal administration in accordance with such a policy, it is announced here. The principles outlined by the league have been endorsed by the affiliated organizations of the Los Angeles County Anti-Asiatic Association and the Japanese Exclusion League of Washington.

The representative of the California League, V. S. McClatchy, left last night for Washington, D. C., to present the matter to the State Department and to Congress.

The four points of the league's declaration of policy are:

First—Absolute exclusion for the future of all Japanese immigration, not only male but female, and not only laborers, skilled and unskilled, but "farmers" and men of small trades and professions, as recommended by Theodore Roosevelt.

Second—Such exclusion to be enforced by United States officials and regulations, as is done with immigration, admitted or excluded, from all other countries; and not, as at present, under an agreement whereby control and regulation is surrendered by us to Japan.

Third—Compliance on the part of all departments of the Federal government with the Constitution, and the abandonment of the threat or attempt to take advantage of certain phrasing of that document as to treaties which, it is claimed, gives the treaty-making power authority to violate plain provisions of the Constitution in the following matters:

(a) To nullify State rights and State laws for control of lands and other matters plainly within the State's jurisdiction.

(b) To grant American citizenship to races of yellow color which are made ineligible for such citizenship.

Fourth—For the Japanese legally entitled to residence in California, fair treatment, protection in property rights legally acquired and the privilege of engaging in any business desired, except such as may be now or hereafter denied by law to all aliens or to aliens ineligible to citizenship, provided particularly that they may not hereafter buy or lease agricultural lands.

To be eligible to election to the Hall of Fame a person must have been dead for ten years.

RUBBER, TOBACCO PLANTS ARE SENT TO U. C. GARDENS

BERKELEY, April 5.—A whole army of rubber plants, and many more companies of tobacco and other plants have been brought to the University of California gardens from all parts of California for experimental purposes.

The rubber plants number more than 7000, and they are of a peculiar California variety. The tests with the rubber plants will be made to determine the effect of a change in altitude, the plants being brought from a high altitude. Many tobacco plants also have been transplanted in the college gardens. It is expected that the university experts will experiment in plant heredity with this group.

ELMHURST CLUB ON SEWER AIMS

The Elmhurst Community Club at its last meeting authorized its secretary, Miss Emily Baxley, to give out the following statement of the club's ideas on the Elmhurst sewer system:

"The Elmhurst Community Club is desirous of enlightening the citizens and taxpayers of the district to be assessed for the construction of the proposed Elmhurst storm sewer. This is Elmhurst's last chance to be placed on the map. With its natural facilities and ideal climatic conditions it could be a second Piedmont. Protestants are being misled with conflicting stories to the effect that street work alone is all that is necessary, and that the posters that are being posted on the telephone poles are placed there to advertise street work and not to bring storm culverts before the eyes of the population of the affected district. The Community Club is not trying to wedge in the storm sewer instead of street improvements.

"The assessment on a 50x100 lot in an average locality, in case the assessment goes through, will be \$14, and not \$1400. Property owners are warned against the downfall of property values and against the loss of the \$125,000 that the city is risking. This money will be spent in some part of Oakland, why not in Elmhurst? The people might as well sign a protest and present it to God Almighty, asking him to prevent the sun from shining and the grass from growing in the next-door lot and to try to stop the progress and development of a community for the sake of a few paltry dollars, which will be more than repaid by the increased property valuation, to say nothing of the buildings which will be erected and the hundreds of new homes that will spring up on lots that are now vacant.

"Work on the new Junior High school will be absolutely at a standstill unless a proper drainage system is installed. Opponents have gone so far as to say that the city officials have been bribed to carry the water away from the property of some private owners. The city cannot levy an assessment for work done on private property. The Elmhurst Community Club has gone to considerable expense to distribute circulars containing facts and figures compiled and vouched for by City Engineer George Atkins and former Engineer Marston Campbell, with a map of the assessed district printed on the back. The Community Club earnestly requests that interested property owners reconsider the facts before they go on record as being opposed to the movement."

Pedestrian Escapes Hold-Up; Calls Police

As C. E. Freelan, of 1484 Harrison street, was walking to his home at 1 o'clock this morning, he says, an unidentified man attempted to hold him up at Fourteenth street, near Harrison. Freelan ran, reached his home and immediately telephoned the authorities. Patrolman Loebing later arrested Carl Coburn on a charge of investigation so he is being held today for investigation in connection with the attempted hold-up.

Simple Way to Take Off Fat

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marston's Prescription Tablets from your druggist (or if you prefer, send on dollar to Marston, 212 Woodward Ave., Detroit, Mich.) and follow directions. No dieting, no exercise, but just eat what you like and keep on getting slimmer. And the best part of Marston's Prescription Tablets is that they are harmless. That is your absolute safeguard—advertisements.

\$100,000 Is Cardinal Gibbons' Estate Value

BALTIMORE, April 5.—The will of Cardinal Gibbons, filed here, discloses a personal estate of about \$100,000. To Bishop O. B. Carrigan, administrator of the Baltimore diocese, the Rev. L. R. Stickney, rector of the cathedral, and the Rev. E. J. Connelly, chancellor of the diocese, is left the bulk of the late prelate's estate. In a private memorandum he designates the disposition of certain funds for Catholic educational purposes in the archdiocese.

Potatoes contain 74 per cent of water, while carrots have 85.

Women Plead Guilty To Election Frauds

SACRAMENTO, April 5.—Pleas of guilty of charges or allowing names of absent voters to be signed on the rosters they were in charge of as election officials were made today by Mrs. Christine Radonich and Mrs. Ursula Bothwell. They will be sentenced Wednesday.

The case grows out of charges made in a local precinct in last August's primary elections. George Radonich is under indictment on charge of having signed the name of an absent voter in the roster and of illegally acting as an election official.

BE FAIR WITH YOUR KIDNEYS

The kidneys are the cleansers of the body. If they are out of order, rheumatism, dizziness, backache, headache, fever and even constipation ensue. The Fong Wan Herb Treatment strengthens the kidneys and enriches the blood. The entire system is thus thoroughly rejuvenated and the stomach, liver, bowels and brain function properly, whereas merely flooding the system with water and salts gives no permanent relief. When the kidneys are strong and active, rheumatism, constipation and other ills vanish.

OAKLAND LIONS TO CELEBRATE FIRST DAY OF BASEBALL

Luncheon To Players on April 14 Will Be Followed By Attendance At Game.

The 11th old national sport of baseball will be given a boost on Thursday, April 14, when the weekly luncheon of the Oakland Den of Lions will be devoted to a celebration of the first game in Oakland of the Pacific Coast League.

The club has reserved two boxes at the Coast League games in Emeryville as Lions club boxes for the baseball season this year and since the victory of the Oaks over the Chicago Cubs last week are preparing to make the Oak team nationally famous.

J. Cal Ewing, a Lion and president of the Oakland Baseball club, will be chairman of the day at the luncheon. The Seals, the San Francisco team, who oppose the Oaks in the first game of the season in Oakland on April 14 will sit at opposite sides of the luncheon table and size each other up in preparations for the coming battle.

City and county officials of both sides of the bay will be honor guests at the luncheon. W. H. McCarthy, president of the Pacific Coast League, will be speaker of the day, and other speakers will include Mayors James Rolph and John L. Davis and Chiefs of Police Dan O'Brien and Fenton Thompson. The luncheon will be held in the main dining room of the Hotel Oakland, and two hundred and fifty covers are to be set. At the conclusion of the luncheon the Lions and their guests will parade in autos to the ball grounds to attend the game in a special rooting section.

Russ Industries Denationalized to Get Alien Aid

(By Associated Press)

PARIS, April 5.—The denationalization of Russian industries to permit exploitation of various works by foreign concessionaries, his mother, was announced here today by D. M. Linnard, lessee of the property. Linnard's lease on the Fairmont has eight years to run. He took over the ten-year lease made by the Fairmont Hotel Company on April 30, 1917. In November, 1918, paying \$250,000 for the lease.

Linnard announces that no change will be made in the policy of the hotel. Extensive changes in the way of improvement, including the conversion of Rainbow Lane into a motion picture house, the building of a garage under the terrace fronting Broadway street and the conversion of the tunnel from the Powell street entrance into an arcade, will be made, Linnard states.

American Goods Still Greatest Entering Russia

Estonia Statistics Show New British Pact Fails To Increase Trade.

REVAL, April 5 (By The Associated Press).—Despite the new trade agreement between Great Britain and Soviet Russia the larger proportion of the extremely small amount of goods entering Russia through Estonia continues to be of American origin.

One freighter in this port has just unloaded 100,000 pairs of American shoes and a quantity of leather for shipment into Russia, while another American steamer similarly laden has just arrived here. These deals were negotiated by the Robert Dollar company some months ago.

RECEIPTS ARE SMALL. Official statistics published by the Estonian government show that only 15,560 tons of goods were in transit to Russia through Estonia from Reval from January 1 to March 31 or about 5 or 6 average shiploads. The shipments included 3628 tons of agricultural machinery, 2836 tons of textiles and footwear, 1488 tons of miscellaneous machinery, 620 tons of leather and 492 tons of drugs. The docks at Reval are still congested with shipments of machinery which are held up for lack of railroad transport and others because of reported financial hitches after their arrival.

NO RUSSIAN GOODS. No Russian goods were exported through Estonia during the first three months of the present year. The latest issue of Economic Life, published in Soviet Russia, says that in February Russia imported 1,401,250 goods (about 25,271 tons) of all commodities, of which 1,261,000 goods were coal from the United States to Archangel and Murmansk. The exports, it is stated by the same publication, were only 132,575 goods (about 2386 tons), including lumber to England and flax to Latvia.

There recently has been a considerable decrease in the number of American and English tradesmen in Reval.

Three L. A. Gangsters Sent to San Quentin

LOS ANGELES, April 5.—Dewey Bell, Arthur Galbraith and Robert G. Richie, alleged gangsters, today pleaded guilty to highway robbery and were sentenced by Superior Judge Frank R. Willis to serve from 1 to 50 years in San Quentin penitentiary. F. A. Reid, their alleged accomplice, pleaded not guilty. Six charges were brought against the four—assault to commit murder, assault to rob and four charges of robbery.

The police declared the men were responsible for the shooting and seriously wounding of George Skinner, druggist, in an attempt to rob his establishment two weeks ago.

TO IMPROVE YOUR COMPLEXION

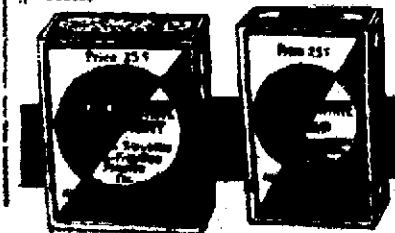

Use the Popular Black and White Beauty Treatment

You should not use anything that hides any faded, pimply, blotchy condition of your skin. Such applications last only a few hours, and are injurious to the delicate skin texture.

Black and White Ointment applied just before retiring draws to the surface impurities of the skin and removes them without irritation. A small portion applied each night for a short while will make your skin soft and smooth.

Black and White Soap must be used in connection to cleanse the pores of all impurities, which daily accumulate and cause blackheads and pimples.

Black and White Ointment and Soap samples mailed upon receipt of 10c to Black and White Box 1502, Memphis, Tenn.

FAIRMONT HOTEL SALE ANNOUNCED

SAN FRANCISCO, April 5.—The sale of the Fairmont hotel property to Herman Oelrichs of New York by Mrs. Herman Oelrichs, his mother, was announced here today by D. M. Linnard, lessee of the property. Linnard's lease on the Fairmont has eight years to run. He took over the ten-year lease made by the Fairmont Hotel Company on April 30, 1917. In November, 1918, paying \$250,000 for the lease.

Linnard announces that no change will be made in the policy of the hotel. Extensive changes in the way of improvement, including the conversion of Rainbow Lane into a motion picture house, the building of a garage under the terrace fronting Broadway street and the conversion of the tunnel from the Powell street entrance into an arcade, will be made, Linnard states.

Cressy To Speak To Legion Tonight

WILL M. Cressy, former overseas entertainer who, since the war, has spent the greater part of his time entertaining wounded soldiers in government hospitals, will speak at the regular meeting of Oakland Post No. 5, American Legion, at the post's clubhouse in the "Kings" building, Twelfth and Harrison streets, tonight.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer, if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a withered liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.—Advertisement.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuritis, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia). 35c and 65c jars; hospital size \$2.

MUSTEROLE
WIND-DRIVEN

STOP THE TORTURE

If you would get rid of your Rheumatic pains and aches, if you want to ease your stiff and swollen joints or whine of your lameness, try Mynon's Rheumatism Remedy. It seldom fails to bring relief and often so quickly as to astonish those who try it. Try it and bid good-bye to mankind's worst enemy. Mynon's Rheumatism Remedy is especially helpful in chronic rheumatism, lumbago, and sciatica, a few drops when being subjected to drive out the pain. It contains no dangerous or health destroying drug, but acts as a tonic and stimulant.

Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During Change of Life I was in bed for 18 months and had good care, but did not improve. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. That was five years ago, and now when I feel run down and nervous I take the Compound and it always does me good. I wish all women would try it during Change of Life, for I know it will do them good."—Mrs. A. KELLER, Afton, Tenn.

Thomas, Okla.—"I first used Lydia E. Pinkham's Vegetable Compound in my girlhood days, by the advice of a friend. At the age of 47 I was troubled with dizziness, hot flashes, and became very weak so that I was unable to do any work. I took Lydia E. Pinkham's Vegetable Compound with the result that I felt better and stronger than I have for years. I have also given it to my three daughters, and always with good results. The Vegetable Compound is certainly grand for the ills of women."—Mrs. J. G. SWARTY, Route B, Thomas, Okla.

Letters like the above do influence women to try

SHORT WEIGHT - MEN SCARGER, SAYS OFFICER

County Sealer Advises Housewives, However, To Keep Pair of Scales.

"A good scale with which to weigh purchases of foodstuffs is as necessary a part of the equipment of the household kitchen as a stove."

"Thus declared E. K. Strowbridge, county sealer of weights and measures, in an address before the Oakland Kiwanis club yesterday at its weekly luncheon in the Hotel Oakland.

While he says that business morality is on the upgrade and short weight practices of dishonest merchants are on the decline, Strowbridge says that housewives should have a good scale in the house and

Shewbridge reviewed the activities of his office during the past year and told of the inspection of scales and measures of volume in use by merchants, wholesale and retail, in Alameda county. Many unscrupulous dealers, he says, are found to be using scales and measures which cheat the customer, and many others are found to be using defective scales. Some merchants, he told the Kiwanians, were found to be using scales which cheated themselves and did not know it.

But we can only check up on the measuring instruments and in occasional instances check up on the individual packages. That is why the scales should be reliable and the weights of all of the goods sold by the buyers.

Recently we weighed up a batch of package butter from the refrigerator of a trader in the city. A stock of 2200 one-pound packages, every one of them was found to be one-half ounce short weight.

Five Held On Attack Charge Are Released

Five men taken into custody by the police upon the statement of Mrs. Eva McIntire, who resides at East Fourteenth street and Seventy-third avenue, that she had climbed through her window Saturday night and assaulted her, were released today after they had been questioned about the alleged assault. Mrs. McIntire told the police that she was alone when she recognized and climbed through her window while her husband was away in Los Angeles. She waited until her husband returned, she said, and told him what had happened. She said she was not afraid of the men. The police declared that no further investigation would

SHERIFF BARNET SAYS SULLIVAN WAS 'GENTLEMAN'

Accused Alvarado Bank Bandit Now On Trial; Other Witnesses.

Picturing J. A. Sullivan as a gentleman of leisure whose valet attended to his wants and who did not even know how to drive his own automobile but hired a chauffeur, Sheriff Frank Barnett today took the stand in the trial of the alleged "master mind" charged with complicity in the Alvarado bank robbery and told of his personal acquaintance with Sullivan.

"Larry Fitzgerald, confessed robber and gangster, was Sullivan's chauffeur," said Sheriff Barnett. "Sullivan does not even know how to drive that car."

The automobile in question is a high speed racing car which, as a hold-up or was smuggling booze, authorities allege, was used by the bandit gang to outdistance pursuing police autos and motorcycles when the robbers had committed the crime.

Sheriff Barnett also told of a statement that Sullivan had made to him concerning the shotgun that was found in his automobile when it broke down on the Alvarado road. Sullivan told him that he had gone to W. C. Shadburne's office to get the automatic shotgun on the day of the crime, while Shadburne had previously testified that he had given Sullivan the gun some time previous.

August May, president of the bank, who was shot in the holdup, Mrs. Christine Anderson, whose testimony sent Jack Beebe to the penitentiary, Theodore Lydecker, bank cashier, Ed Baird, garage owner, who saw the racing car driven by Fitzgerald speed away from the bank, and Albert Lawrence, whose car was commandeered by the bandits after the racing machine had broken down, were other witnesses for the prosecution.

Captain Duncan Matheson and Nicholas Barron, detectives of the San Francisco police department, testified as to Sullivan's peculiar conduct in not reporting the alleged theft of his automobile.

Sullivan claims he had nothing to do with the affair and that his car had been stolen by the outlaws.

Seattle Shipbuilder Allowed To Appeal

SEATTLE, Wash., April 5.—Federal Judge Jeremiah Neterer today allowed the appeal of the Sloan Shipyard Corporation to the United States Supreme Court from the degree of dismissal entered by Judge Neterer March 28 of the corporation's suit against the Shipping Board Emergency Construction Corporation to recover \$2,200,000 alleged due on wartime shipbuilding contracts which were canceled. The Capital City Iron Works and the Anaerotic Shipbuilding Company also are plaintiffs.

POLITICAL NOTES

Commissioner Morse is continuing his rapid-fire speaking tour throughout the city. More than a score of meetings have been addressed by the commissioner during the past two weeks. A particularly spirited speaking tour was completed last week Wednesday night Morse spoke at a meeting in Fruitvale, Thursday night he spoke before a gathering of several hundred at the Golden Gate library and Friday night he appeared before the Redmen's organization. More than a score of meetings will be addressed by Morse before April 13.

Sixty places at which H. T. Homestead, candidate for commissioner, will talk, are on his program for this week. He spoke last night at the Christian church banquet at Fruitvale, at a gathering at St. Anthony's, East Oakland, at Diamond and at an entertainment of the Cooks and Waiters at Pacific building. "It is not alone a question of men but of the best interests of Oakland, that should guide the voters at the coming election," said Charles Blagburne at the Fitchburg Improvement Club last night. "I speak from experience when I say that H. T. Homestead is the man who should be trained in public service to make a good commissioner. He is not an experiment; he has been tried."

Men Most Anxious to 'Star' in Production of Kismet, by English Club in Berkeley

Two of the University of California maids who will appear in English Club drama, "Kismet." MISS EYLA BRADWAY is at the left and MISS MARIE LOUISE MEYERS at the right.

Girls Are Willing To Act As 'Supers' Masculine Theaters Scorn Suggestion.

BERKELEY, April 5.—Can men here resist the lure of the footlights? Results of casting the parts for the English Club's production of "Kismet" would seem to show that the men are as anxious to appear before the footlights as the girls.

Calls for students to tryout for the principal roles in the play which will be produced in the Greek theater on April 20 brought more than women to the rehearsals, and all were ambitious to be "stars."

"With the allotment of the principal parts in the play, however, the ardor of the college men seemed to cool, and few will stoop to the undignified position of 'super.' Among the women, however, the situation is different. While the men want to star, the girls are willing to play the extra parts in order to have a place on the stage.

The romance of the plot of "Kismet" has held the interest of more than a hundred students who secured places in the cast, and the story of Fate's vagaries which elevate the beggar's daughter, played by Mary Louise Meyers, Kathryn Trathner and Terry Diehl. Two solo dances by Anita Avila and Ellen Eyre will be included in the production.

Hard work is exacted of the collegians at their almost daily rehearsals, and the students are already willing to agree with the view of the English Club that the production of the Arabian play to be the most difficult in its career.

The principal roles will be played by Morris Antrim, as Hajj, and Mary Louise Meyers, Kathryn Trathner and Terry Diehl. Two solo dances by Anita Avila and Ellen Eyre will be included in the production.

Representation Is Sought By Farmers

SACRAMENTO, April 5.—(United Press).—A plan which would give to the farming interests of the state much representation in the legislature in the Senate was suggested in a constitutional amendment introduced into the Assembly this morning by Van Bernard of Butte City.

The amendment would reorganize senatorial districts to conform to the county boundaries and give one State Senator to each of California's 58 counties. As it is at present, the number of senators is 40.

"Each county should be represented by a senator," said Bernard. "The United States government goes on this theory. New Jersey gets as much representation in the Senate as the state of New York."

"The farmers are gradually being dispossessed of representation. If it keeps up, in ten years they will have no voice in state affairs at all. The farmers will not accept the proposed reapportionment plan, which gives them less representation than they now have."

Bernard's amendment is being supported by the farming interests generally and by the Federation of American Farmers specifically.

Bernard is one of four farmers' members of the Assembly. There are only two farmers in the Senate.

Assembly Adjourns To Watch Ball Game

SACRAMENTO, April 5.—(United Press).—Baseball took ascendancy over lawmaking today and the assembly voted itself a half holiday to watch Governor Stephens twirl the first ball in the Vernon-Sacramento match, the first game of the season.

There were plenty of serious-minded men who objected to the frivolous adjournment, but the "fans" voted down these over-earnest objections.

Assemblyman Heck put up one of the best arguments.

"The state will feel easier when we're not meeting," he said. "Let's give them a feeling of security this afternoon, so they can enjoy the first baseball day, too."

Assemblyman Lee of San Francisco was frank in saying he'd rather watch a ball game than pass bills and this started the stampede.

The assembly women voted against adjournment.

"Think what an uproar would go up if we wanted to adjourn to go to a bridge party," said Assemblywoman Eto Broughton.

At 4:30, after its settlement in 1763, was first known as New Netherlands and then as New Hampshire grants.

APPROPRIATIONS ARE APPROVED IN COMMITTEE

Assembly Ways and Means Body Reverses Stand on State Rail Board.

BY ASSOCIATED PRESS
LEASING WIRE TO TRIBUNE
SACRAMENTO, April 5.—The Assembly committee on ways and means continued in executive session until after midnight last night, and while no formal vote was taken, the committee was given out, the following steps were taken.

Consideration of the items to be included in the general appropriation bill was deferred until it was decided to adhere to the budget figures for the State Railroad Commission; that is, to allot \$80,000 for salaries of members and \$750,000 for maintenance. This action was a reversal of that taken the night before, when the committee's items were passed and a sub-committee named to investigate them further.

The committee also considered a bill to amend the laws relating to the weights and measures were passed, with the exception of an item of \$16,000 for support which was held for further inquiry.

Other appropriations considered and approved were: support of district health officers, \$27,000; support of food and drug laboratory, \$39,353; support of hygiene laboratory, \$38,300; salaries of sanitarians, \$24,500; support of contagious disease work, \$40,650; bureau of child hygiene, \$38,560; sanitary engineering, \$68,770.

National Guard—Support, \$441,270.

Department of Engineering—Salary of estimator, \$4200, salary of specification writer, \$4200, additional salaries, \$100,240.

Department of Education—Support, \$133,720.

Superintendent of Public Instruction—Salary of deputy, \$6000; traveling and contingent, \$21,250; printing, \$30,000; text books for orphans, \$3300.

State Library—Support, \$295,900.

State Agricultural Experiment Station—Salaries of employees, \$15,800, aid, \$80,000; directors' traveling expenses, \$6000.

Department of Agriculture—Support and salaries, \$364,200; support and salaries of sixth district Agriculture association, \$74,900.

Support of Mining Bureau—\$160,600.

Board of Forestry—Fire prevention and fighting, \$75,000; state nursery maintenance, \$15,000.

Redwood Park Commission—Support and salaries, \$19,722.

State Port—Salaries of gardeners, \$5000.

Lunacy Commission—Salaries, \$46,600.

The committee passed resolutions to amend the Civil Code that were conflicting in their terms, but related to future economy. The amendments were that there be no new positions created, or salaries increased, unless in the judgment of the committee it was extremely necessary for the State's operation.

The Cleary motion was that it was the sense of the committee that the recommendations of the department board as to salaries and new positions, except where it could be determined that reductions would not impair the efficiency of the departments of the State.

MUNICIPALITIES MOVE TO REOPEN GAS RATE CASE

Statement Made By Attorney At Great Western Power Sur-Charge Hearing.

SAN FRANCISCO, April 5.—When the sur-charge hearing of the Great Western Power Company was called before the State Railroad Commission today, Assistant City Attorney John J. Bailey of San Francisco, announced that the attorneys' committee representing 47 northern California municipalities had conferred yesterday and had decided to petition for the re-opening of the case involving the increase in gas rates. He added that this action had taken place prior to a similar move on the part of the State Assembly at Sacramento. It was indicated by Assistant City Attorney Leon Gray of Oakland that the municipalities were united in their move. It had been agreed in consultation between himself and Mayor Davis, that the petition would be made in behalf of Oakland.

At the Great Western Power hearing, W. C. B. Duler, company's counsel, testified that when the City project shall have been completed, the corporation's steam plants will be held for emergency purposes only. He admitted that there had been a decrease in the pay of electrical workers, but furnished no figures as to how much a saving had been involved in that move.

U'REN IS ACCUSED
IN INSURANCE ROW

SAN FRANCISCO, April 5.—Charges of unprofessional conduct against Attorney U'Ren today were signed by L. L. Martzen, manager of the Union Indemnity Exchange, an automobile insurance concern.

The charges resulted from the contest in the Superior Court for control of the exchange in California. Martzen retires the action of U'Ren at the City Hall last Saturday in his allegations that the attorney committed a professional fraud upon C. M. Bradley, opposing counsel, and upon Superior Judge Daniel J. Deasy.

U'Ren represents fifty of the organizers of the insurance exchange who seek to replace Martzen in its management. Martzen's allegations are to the effect that U'Ren told Bradley that the case would go on, and at the same time postponed action long enough to get Judge Deasy to sign a restraining order and injunction restraining the business of the insurance concern. Martzen charges underhand methods and conduct unbecoming an attorney.

BAILEY FORFEITED.
Bail of \$5 was forfeited by six Chinese who failed to appear in police court this morning when their cases were called. They are: Ah Sing, Ah Quok, Wong Duck, Ah Lee, Ah Won and How Git. They were arrested recently in a lottery raid on Webster street by Sergeant E. W. Brock and several patrolmen of the Chinatown squad.

SENATE IS OPPOSED
TO BUDGET INCREASE

SACRAMENTO, April 5.—The senate today adopted, 20 to 2, a resolution declaring against any increase in the appropriations comprising the \$31,000,000 budget unless now, or additional evidence is introduced.

This was one of the principal points at issue in the proposed findings, outlining conclusions the senate has drawn from its four weeks' investigation of appropriations for the state government and agencies during the next biennium.

The resolution was offered by Senator Nelson as a substitute for a proposition dropped by vote of the senate yesterday, which would have declared against any increase in budget appropriations.

"This is a miserable substitute and subterfuge," Senator Inman said, referring to the resolution.

Sensor W. J. Carr expressed the opinion that it was "better than nothing" and would have "a little tendency to hold appropriations down."

Sensors Chamberlain and Rominger voted against the resolution.

As a substitute for another proposition which would have commended the budget board for its "conservatism" in passing upon proposed appropriations, the senate adopted a resolution by Reed favoring a more detailed statement by the board of the various items of expenses to be incurred by commissions and institutions.

Completion of the findings was again postponed at the morning session, when a controversy arose over a statement desired to place the exact amount of excess of the present proposed budget over that adopted two years ago.

SENATE WRESTLES
WITH BUDGET PROBLEM

SACRAMENTO, April 5.—While the Senate continued today wrestling with the problem of setting forth its findings with respect to its budget inquiry, the Assembly passed a few bills of minor importance and at the end of the morning session adjourned until tomorrow.

Despite the announced intention of some senators to attend the ball game, the upper house agreed to attempt an afternoon session.

The senate passed, 27 to 6, Senator Eden's bill requiring all elementary school districts to become a part of some high school district. Deasy gave notice of a motion to reconsider.

TELLS HER STORY
According to the story told by Mrs. Douglas, her husband gained the empire of rubber land when, as a major in the British army, he performed valiant service. She says that although her husband has turned this grant of land over to her, the government of Brazil will not recognize it without a court decree.

PROSPECTOR PANS
Teeth; No Gold
in 'Em, by Gum

SONORA, April 5.—To dig out a pan of gravel, sit down by a murmuring stream to wash it out and find a set of false teeth—well, wouldn't that jar you? But that's just what happened to Charles R. King of Columbia, he declares, and he has the teeth to prove it, and also the pan.

King, a well-known prospector, states that on March 30 he went over on the Calaveras side of the Stanislaus and started to pan some likely looking gravel in a gulch. One pan, he states, yielded the upper plate of a man's boughen teeth, by gum!

TETRAZZINI WILL
SING TOMORROW

Luna Tetrazzini will sing the last concert of her present California tour tomorrow night at 8:30 o'clock at the Auditorium Arena, Oakland. Included in her program will be "Cato Nome" from "Rigoletto" and "Grand Ave" from "Moussorgsky" from "The Sorcerer's Apprentice."

In addition there will be several extra ad encore numbers. Mrs. Tetrazzini brings with her three assisting artists in the persons of Francesco Longo, pianist, Max Gerna, cellist, and J. Henry Boye, flutist.

VICTIM FIGHTS THUGS;
Is Beaten and Robbed

DETECTIVES were today searching for two bandits who attacked R. J. Livingston, 64½, forty-third avenue in the back yard of his home last night, and after overpowering him, robbed him of \$75. Livingston was standing on his porch when the men came up. One of them, a man in his face and Livingston grabbed it, threw it in the yard and then engaged in a battle with the bandits. The bandits overpowered him and carried him from the porch, where they took his purse containing \$75.

WOMEN FIGHT IN
CORRIDOR OF S. F.
HALL OF JUSTICE

SAN FRANCISCO, April 5.—The crowds that invest the corridors of the Hall of Justice were treated to an unusual exhibition today when Mrs. Theodora Nelson, wife of the sitting engineer, suddenly confronted Mrs. Frances Brownlee, who yesterday charged that an attempt had been made to poison her, and truck the woman full in the face, crying aloud, "You stole my husband from me!"

Mrs. Brownlee staggered backward and bystanders intervened before there could be anything in the nature of a harrowing match. Mrs. Nelson was hustled to the city prison, where charges of battery were lodged against her. She said she would do everything possible in the defense of George Ross, automobile salesman, whom Mrs. Brownlee accuses of putting poison in her tea to cover up the theft of \$1500 worth of jewelry from her apartment, at 1720 Pine street.

At the city prison Mrs. Nelson explained her attack upon Mrs. Brownlee by saying that the woman had lured her husband from her and had been responsible for the breaking up of his business and the disruption of their home. Mrs. Brownlee denies her accusation.

When the case came up before Judge Justice McAtter, Judge John J. Sullivan appeared as counsel for Ross and the matter was put over until Thursday. Mrs. Nelson declined to give her husband's name or address.

Court records show that Mrs. Nelson's difficulties with her husband have not been of recent occurrence. In 1916 she caused his arrest on a battery charge, in which she involved Mrs. Frances Brownlee and Mrs. Jane Jensen. The case was later dismissed. Nelson formerly was city engineer of Ocean Park and Venice.

POLAND'S CONSTITUTION.

In formulating and adopting a new constitution the Polish republic has not moved in a precipitate or spectacular manner. Indeed, the most satisfactory aspects of the whole proceeding has been the careful consideration of the whole subject, the precaution to make the constituent assembly as truly representative as possible, and the general sober interest in the performance evinced by the Polish people.

At the election of the 400 members of the constituent Assembly nearly 6,000,000 citizens voted, or about one-third of the total population of the districts not occupied by enemies. This compares very favorably with the 26,000,000 votes cast at the last presidential election in the United States—about one-fourth of the population. The assembly has been in session nearly two years and during this period has been subjected to much honest and intelligent criticism. Elements of Polish citizenship has been represented with approximate fairness, that is, through the nationalists parties representing the Poles at large, the class representatives and the non-Polish members representing the Jewish and German elements.

The constitution, which was adopted on March 7, marks no radical departures in documents of this character. It has sought to combine the best and durable features of the constitutions of other countries, adapted to Polish needs and conditions. It is a broad basic law on which the future Polish government will be erected and under which the Polish nation will exist.

The constitution declares that Poland is a republic and that the sovereign power belongs to the nation, of which the organs are, in legislation, the Sejm (Assembly), and the Senate; in matters of executive power, the President and Ministers; in the administration of justice, in courts. The Sejm is elected, on the basis of proportional representation, by the men and women of 21 years or more, the Senate mainly by those of 30 years or more. Both Sejm and Senate are simultaneously dissolved, either by a qualified majority of the Sejm, or by the President with the consent of a qualified majority of the Senate.

The President is to be elected for seven years by both houses in joint session. Ministerial responsibility is established and there are provisions for the impeachment of a President and Ministers. There are to be large and small subdivisions of the country endowed with home rule. The independence of judges is emphatically safeguarded. There is a bill of citizens' rights and duties. A recognition of the importance of the Catholic Church, while liberty as guaranteed to other denominations, gives expression to the desires of probably 80 per cent of the population, as well as acknowledgment to the role of the church as a bulwark against Germanization and Bolshevism. The guarantee of private property has been formulated. The constitution promises protection to labor. The Socialist demand for recognition of a right to strike has not been successful. On the other hand, titles of nobility and coats-of-arms are abolished.

There is to be a supreme economic council, like the German body of that name. The constitution prescribes that it shall be composed of representatives of chambers of agriculture, commerce, industry, labor and others. Their cooperation with the national government will be regulated by special laws.

Here, then, is the charter of a new nation, or rather a nation reborn, in the world family. The Polish national spirit has survived through nearly two centuries of distressing experiences; it is faced with the prospect of hard fight and struggle in the near future to convince its enemies of its adequate determination to endure and triumph. If Polish unity is maintained the chances of success are bright.

A man awaiting execution in a dismal Guatemalan prison was given some Florida beans to prepare for his food. On the concave side of one of the pods he carved the head of "Christus De Profundis," the smallest carving known in the world of art. This agonized countenance with uplifted eyes under the crown of thorns is pronounced by many art critics to be the most satisfying face of Christ in existence and the carving has found a place in the Metropolitan Museum of Art in New York City. If the soul of man has the quality of genius it will find expression; even in so inhospitable a place as a Guatemalan prison and with so poor material as a bean. Prisons cannot rob it of expression.

NOTES and COMMENT

ACTION AT LAST PROMISED.

In the early part of 1920 Congress concluded an exhaustive investigation of the several government bureaus charged with the duty of looking after the interest of the disabled war veteran. It looked into charges of failures and maladministration on the part of the United States public health service, the war risk insurance bureau and the federal board for vocational rehabilitation. It found a number of the important charges proved by indisputable evidence, and many not proved.

The joint committee which conducted this investigation was controlled by a Republican majority. And not wishing unnecessarily to embarrass the President in this humanitarian duty of caring for the men broken in the service of their country, it refrained from recommending new legislation to Congress. It laid the whole result of its investigation before the President and strongly urged that he effect the reorganization of the federal boards. It believed that such reorganization as rested within the power of the President to make would correct, or nearly so, all the conditions against which complaint had been made.

President Wilson received this report—and filed it away. Nothing was done by him about this vital and pathetic problem. As a result of the scare given some of the directing officials of the boards, some improvement in the service for disabled veterans was noted, but there is still much to be desired. President Wilson's neglect set a high example, which was not needed, for neglect on the part of his subordinates.

In the first few days of his administration the subject was brought to the attention of President Harding. A committee has been named to go over the whole question of soldier relief and it is meeting today in Washington. This committee is composed of men who are expected to act promptly as soon as they determine the course to be followed—General Charles G. Dawes of Chicago, John L. Lewis of Indianapolis, Mrs. Douglas Robinson, New York City; Franklin D'Olier, Philadelphia; Col. Thomas W. Miller, Allen Property Custodian; Col. Theodore Roosevelt, Assistant Secretary of the Navy; Col. Franklin W. Galbraith, Jr., National Commander of the American Legion; Mrs. Henry R. Rea, Pittsburgh; Col. Milton J. Foreman, Chicago; Henry S. Berry, Hendersonville, Tenn.; and T. V. O'Connor, Buffalo.

President Harding thinks this committee will clarify the situation and make recommendations which will enable Congress and the government to adopt a policy which will be beneficial and satisfactory, leaving the very minimum of discontent at the efforts of the government to care for its disabled soldiers. Such is to be greatly desired. It is two and one-half years since the soldiers began coming home from Europe and there are still charges of shortcomings that are scandalous.

Ten members of Norwegian birth are members of the fifty-seventh Congress. They hail from Minnesota, Wisconsin, South Dakota, Iowa and Illinois—these States would make a fairly broad stretch of territory if placed together. The Norwegians are all Republicans for some reason or another, perhaps from the canny perception that leads to recognition of the fact that it is safer to run for office as a Republican in a Republican country. This is not an extraordinary percentage of Norwegian blood to be found in the Congress but it does illustrate that there is a lot to this talk about the American melting pot.

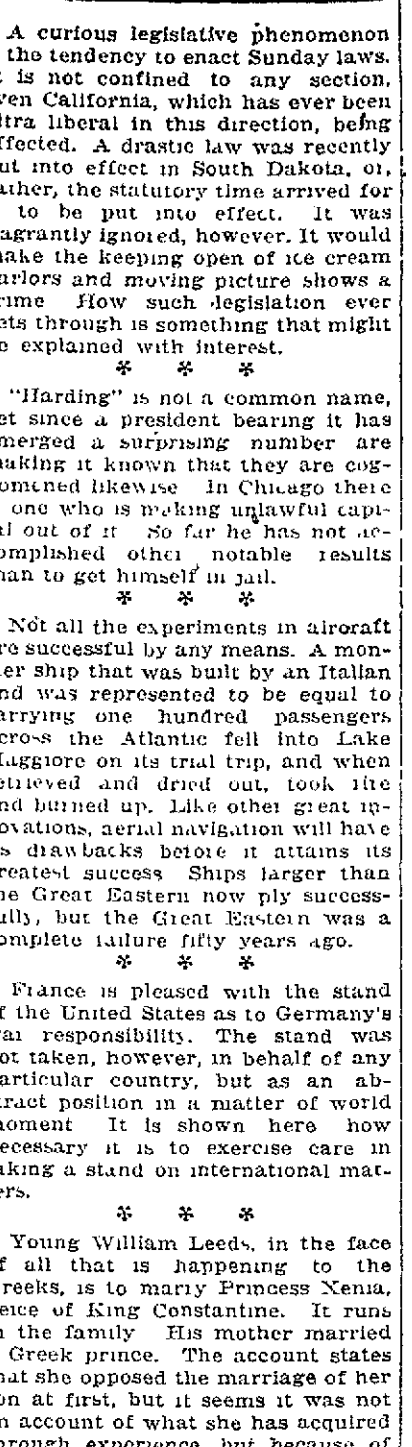

REAL RELIEF FOR THE FARMER.

Senator Capper is under no illusions as to the benefit to be expected from the Emergency Tariff Bill. Most of the 1920 crop, he observes, is now out of the hands of the farmers. Accordingly even the little that might have done for them a few months ago is impossible today. Nevertheless the Kansas Senator is in favor of the passage of the bill at the opening of the extra session of Congress. His reason is psychological. "It will be most reassuring to the producers to see the measure passed," he said to our Washington correspondent. "It will show them that the new administration has a sympathetic concern for the interests." Such frankness disarms criticism. Otherwise one might ask what was the use of passing a bill that meant well but accomplished nothing. Many if not most of Senator Capper's colleagues voted for the Emergency Tariff Bill in the cynical hope that if it couldn't do much for the farmer it would do a good deal for the Republican party. Senator Capper is not above thinking of his party, but he is obviously thinking of the farmer first. This is proved by the fact that he goes on to speak of measures which are not psychological, but practical.

Some of these measures aim at improving the machinery of distribution, as, for instance, Senator Capper's own bill to establish co-operative marketing. But for real relief the farmer must look further. The solution of his problem is given in a sentence in which Senator Capper, according to our Washington correspondent, said. "His idea is that much good can be accomplished, not so much perhaps by direct Government financial aid as by encouraging all methods of opening up foreign markets." These words need to be impressed upon Congress on the one hand, and the farmers on the other. Not by erecting barriers against his old customers, but by removing barriers will the farmer improve his condition.

There is no hope for improvement to any great extent so long as we remain in our anomalous relation to Europe. Here is the point at which Senator Capper and other real friends of the farmer must sooner or later concentrate their efforts, and the sooner the better. By removing outside the peace settlement we are hindering a return to a normal life. The farmer is not feeling the effect of an economic impasse, but he is feeling the effect of the diplomatic impasse in which we have been stuck for nearly two years. Senator Capper can do the farmer no better service than to give him a clear realization of this deadlock and to labor for its speedy ending.—New York Evening Post.

Abou YOUR HEALTH

An Unpleasant Subject, But It Demands Discussion

By ROYAL S. COPELAND, M. D.,
Commissioner of Health, New York City.

The itch, or "scabies," as the doctors call it, is due to a parasite which bores into the skin.

"Whenever there is a bend in the body, like the front of the elbow and back of the knees, or a fold of the skin, or between the fingers, there the parasite makes its attack. Little blisters form and the itching is intense. Consciously or unconsciously, the victim scratches and tears the affected parts with his finger nails. The flesh is torn, blisters and pus-filled spots increase and gradually the disease spreads to other parts of the body.

There are several remedies, but the chief is sulphur.

Four drachms of precipitated sulphur, added to four ounces of vasoline or lard, makes a very satisfactory salve for the desired purpose.

First, the skin should be thoroughly cleansed. An abundance of soap and water should be used and, if the skin is not too sore, it should be scrubbed with a hand-brush. Then the sulphur preparation should be thoroughly rubbed into all the affected parts. This is done morning and evening for at least four days.

After the last application the patient should take a hot bath, using lots of soap and water. Then he should put on clean underwear and clean outside garments. The old clothing and bedding should be destroyed or thoroughly sterilized by boiling or by steam.

"Cotties," or body lice, are another type of vermin. They live in the clothing, especially in the seams of the garments. Chief attention must be given the clothes. These should be boiled, or steamed, or baked until all the offending parasites and their eggs are killed.

After getting rid of the infected clothing the victim should bathe in an abundance of soap and water. Then he may apply one of several different preparations, but the sulphur ointment recommended for the itch is as good as any. One or two applications followed by a bath and clean clothes will end the trouble.

Head lice, or "pediculosis capitis," as the doctors politely name this variety of animal, is more difficult to remove.

Prepare a mixture of equal parts of sweet oil and ordinary kerosene oil. Saturate the hair and scalp with this mixture. Wrap the greasy head in a cloth and leave all night.

In the morning wash the hair with a solution of carbonate of potassium in the proportion of one teaspoonful to a quart of water. Then wash the hair thoroughly with hot water and soap.

If necessary, repeat the treatment. Ordinarily one application is sufficient.

If the trouble attacks the hair elsewhere, one part of cocculus indicus with three parts of water or alcohol may be applied several times a day.

Let it be remembered that practically all vermin are carriers of disease. Not only are they disagreeable companions, but they are a menace to health.

MERCHANTS RUSH RESERVATIONS TO BOOSTER BANQUET

Dinner Tonight Is Expected
To Be Largest Ever Held
By Local Exchange.

Reservations for the Merchants
Exchange booster banquet were
pouring in today at the headquarters
of the exchange at Thirteenth and
Franklin streets over the State Sav-
ings Bank headquarters, indicating
that the banquet tonight at the Hotel
Oakland will be the largest ever held
by that organization. It will be for
the purpose of arousing interest in
the exchange's activities and for
starting off at a whirlwind pace the
coming membership campaign of the
organization.

The principal address of the ban-
quet will be delivered by Attorney
C. A. McGee, whose subject will be
"The Value of the Civic Organiza-
tion to the Welfare of the Commu-
nity." Other speakers will be District
Attorney Ezra Decoto, Superintendent

2 a. m. Rule Is Put on Co-eds

BERKELEY, April 3.—Two
o'clock in the morning is late
enough, or early enough, for any
co-ed to stay out nights. Such is
the ruling of the Women's Council
at the University of California,
and they mean to enforce it.

More than a year ago the women
passed a set of rules governing the
hours for dances, and setting the
times when the college girls
should be home from the library
and from dances. The library rule
states that the co-eds should be
home at 10 o'clock, and the dance
rule sets the time at 2.

Until recently, the men on the
campus who have given dances in
fraternity houses have felt them-
selves bound by a similar men's
rule limiting the time for dancing,
but a few recent infractions of
the edict have put the women
into action.

The women, at a meeting held
on the campus last night, voted
for the honor rule.

United Schools Fred M. Hunter, H. C.
Capwell, Fred E. Reed and the pre-
sident of the leading Oakland busi-
ness clubs.

The initial public appearance of
Frank Willard Kimball's saxophone
band will be one of the features of
the banquet.

U. C. INSTRUCTOR WILL ENGAGE IN RESEARCH ABROAD

Dr. R. O. Moody Scheduled to
Sail This Month For
Summer in England.

BERKELEY, April 3.—To com-
pare methods and results in research,
Dr. R. O. Moody of the anatomy
department at the university, will
leave on April 24 for England, where
he will spend the summer. The re-
sults of extensive experiments which
he has conducted during the summer
will be discussed by Dr. Moody with
Dr. A. E. Barclay of Cambridge Uni-
versity.

60 DAYS IN CHAIN GANG.
Convicted on a charge of petty lar-
ceny, Edward Pen, a colored man,
was sentenced to serve sixty days
with the chain gang by Police Judge
Mortimer Smith today. Pen is al-
leged, robbed a trunk stored in the
basement of an apartment house
where he was employed.

'CINCHES' SHOW GROWING SLUMP IN SCHOLARSHIP

BERKELEY, April 3.—Last
year's students at the University
of California were far ahead of
this year's collections in the matter
of scholarship, according to the
figures released by the recorder's
office today.

The college officials have mailed
3428 "cinches" to students who
were behind in attendance or class
work, and that number is nearly
double last year's notices. During
the same semester last year, the
recorder mailed less than 2500
warnings to the students.

The faculty of the university
declare that this latest lot of

"cinch" notices shows an improve-
ment over the work of the early
part of the year, for the last
"cinches" that were mailed totaled

an even higher figure. The warn-
ings mailed yesterday will be the
last before final examinations,
which begin on April 21.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, pancreatin, chemical drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic sufferer, just try the effect of a little Bisurated Magnesia—not the ordinary commercial carbonate, citrate or milk but the pure Bisurated Magnesia which you can obtain from practically any drug store in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little Bisurated Magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Advertisement.

Liver and Bowels Right—Always Feel Fine

There's one right way to speedily tone up the liver and keep the bowels regular.

Carter's Little Liver Pills never fail. Millions will testify that there is nothing so good for biliousness, indigestion, headache or sallow, pimply skin. Purely vegetable. Small Pill—Small Dose—Small Price.

BRADFORD REGULATOR CO., DEPT. 9-D, ATLANTA, GA.

KNOX PEACE BILL WILL BE PASSED VIVIANI IS TOLD

United States Will Not Join League of Nations' Envoys Also Informed.

WASHINGTON, April 5.—(By Associated Press)—The Harding administration intends to terminate the war between the United States and Germany by Congressional resolution, Viviani, French envoy extraordinary, is understood to have been informed at a dinner at the home of Senator McCormack of Illinois.

The former Premier was also informed, it was said by Senators who were present, that the program of the administration does not contemplate entrance of the United States into the League of Nations.

Those at the dinner stated that Viviani had been told frankly that it was useless to discuss the possibility of American membership in the League of Nations. Most of the Republican members of the Senate Foreign Relations Committee and Colonel George Harvey, prospective ambassador at the court of St. James, were among those present.

The French envoy, who was accompanied by Ambassador Jusserand, was said to have been informed that sentiment of Republican leaders was virtually unanimous for adoption of the Knox separate peace resolution, subject only to possible amendment from its original form, early in the special session of congress. Viviani was described as appearing "reconciled" to the situation.

At the same time the Senators made it clear that the United States would take no action which could be in any way considered as "helpful" to Germany, especially in the matter of reparations and fulfilling other obligations involved in the peace settlement.

In discussing the proposed separate peace resolution the Senators, it is understood, asserted their intention to introduce it immediately upon the convening of congress and urge its prompt adoption. However, they added, that if President Harding should request a delay in the matter of a vote, this undoubtedly would be arranged.

Alcohol boils at 173.1 degrees, quicksilver at 680 and water at 212.

Potash Promoter Files \$500,000 Suit

SAN FRANCISCO, April 4.—An action to compel them to pay \$500,000 into the treasury of the Eagle Chemical company in connection with the locating of potash, soda ash and borax deposits on 1400 acres in the Searles Lake region of San Bernardino county was filed today against Robert Gordon, Homer Albers, George Eaton and other prominent Boston residents.

Philip Ehrlich, an attorney who filed the action, complained that the Boston residents promised to buy \$550,000 in stock in the company which he formed at a time when potash was selling for \$350 a ton. Subsequently the price dropped to \$35 a ton and they repudiated the agreement, without completing the payments, he said.

Ehrlich says he located on the lands and then formed the company in Nevada to work out the deposits on a plan to be financed by the defendants.

Southern California Has New Yacht Club

LOS ANGELES, April 5.—A Southern California Yachting association, comprising the Newport Harbor Yacht club, the Los Angeles Motorboat club, the Los Angeles Yacht club, the Santa Barbara Yacht club and the San Diego Yacht club, has been organized after several weeks preliminary work. The initial regatta is planned for the week beginning August 6, at Santa Barbara.

Officers of the association are Dr. Albert Sordland, Los Angeles, admiral; E. J. Gourley, Santa Barbara, vice admiral; Thomas C. Hammond, San Diego, rear admiral; Claire Newner, Los Angeles, port commander, and Ray Thomas, Los Angeles, fleet commander.

In Nevada to work out the deposits on a plan to be financed by the defendants.

COMPOSER TO HEAR STUDENTS SING OPERETTA

Hearing his own operetta for the first time, Gus Carrington, composer of the Pioneer's Operetta, will be on hand the evening of the presentation of the play by the senior high school classes of the University High School, Carrington will sing a few selections between the acts.

The Antioch high school is going to present the same opera in about a month. Matthews has received word from Antioch that their entire class will be present to gather pointers from this play.

The play will start at 8:15 at the Technical auditorium next Friday night.

Rae's Cake—Keeps fresh—15c—Advertisement.

Slacker Suspects To Face Civil Courts

SAN ANTONIO, Tex., April 5.—Tom and Joe Caplis, sons of a wealthy Louisiana planter, who have been held by military authorities since December on charges of draft desertion, have been turned over to federal civil authorities on similar charges on a writ of habeas corpus issued by United States Judge West.

Judge West's decision is regarded as of high importance, because, if upheld by higher courts, it may become the basis for transfer of thousands of alleged draft deserters from military to civil jurisdiction. The chief ground for the writ cited by Judge West was that notices of their being drafted had not actually been delivered to the Caplis brothers and that they were not legally inducted into the military service without such delivery.

Quick Work Done By Postal Clerk

GRASS VALLEY, April 5.—A Grass Valley postoffice clerk, O. J. Fuller Jr., set a record here recently when, in a rapid test, he placed 900 cards in their different four-boxes at high speed without an error.

To do this required a knowledge of the location of every postoffice in California, the borders of adjoining states and the mail routes leading to each.

Japanese Parliament Members Coming Here

WASHINGTON, April 5.—Four members of the Japanese parliament will leave Tokyo April 14 for Washington. The purpose is to get acquainted with members of Congress here to promote good relations between the two countries.

CATARRAH DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Stuffed nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, cost little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.—Advertisement.

BERKELEY OFFICE OF THE TRIBUNE, 2011 Shattuck—phone Berkeley 180.

Announcing the sale of East Bay Water Company Class "A" Preferred Stock to Yield 7.70% on the Investment

This stock combines, in an extraordinary degree, the element of safety with a number of special advantages due to the present unusually favorable investment conditions.

1 FACTORS OF SAFETY

1. The Company sells water—an absolute necessity. Its business is, therefore, inherently stable and has grown consistently, regardless of fluctuating general business conditions.

Number of Consumers December 31, 1907.....	33,286
Number of Consumers December 31, 1920.....	73,917
Gain in 13 years	40,631
Average gain per year	3,125

2. This Company has over eight billion gallons of water in storage in its well-filled reservoirs—which is more than at any previous time during the 53 years the company and its predecessors have served the community.

3. The East Bay Water Company occupies an unexcelled business field. The nine East Bay cities it serves—Oakland, Berkeley, Alameda, Richmond, Piedmont, Albany, Emeryville, El Cerrito, and San Leandro—are growing rapidly—industrially, in population and wealth.

4. Its earnings are largely in excess of dividend requirements on Preferred Stock. These earnings during the unfavorable war period are a convincing demonstration of stability as the following table illustrates:

THREE YEARS' EARNINGS

Year	Surplus Available for Dividends	Preferred Stock Dividends Paid	Balance
1918	\$342,131.51	\$201,636.00	\$140,495.51
1919	400,439.47	274,809.70	125,629.77
1920	419,350.14	293,861.33	125,488.81

5. The East Bay Water Company has regularly paid dividends on Class "A" six per cent Cumulative Preferred Stock since its issue. According to the Articles of Incorporation, Directors must declare dividends on this stock if earned.

6. Organized since the State Railroad Commission was formed, all of the outstanding securities of this Company have been approved by the Commission, thus affording a unique protection to investors.

7. Operating under a perpetual franchise granted by the State, the usual disadvantages of the short term municipal franchise do not affect the East Bay Water Company.

8. The property of the Company was largely acquired prior to the period of high prices. It consists very largely of real estate—approximately 45,000 acres of which is water-shed land—and 986 miles of

pipe line, 19 pumping stations and other similar equipment [filter plants etc.] which represent the investment of considerable sums.

9. The valuation of this property was fixed by the State Railroad Commission and conservatively based upon pre-war costs. Today this valuation, together with other assets of the Company, plus the cost of improvements, less the amounts charged to depreciation, makes the book value of this Class "A" six per cent Cumulative Preferred Stock approximately \$130. If the valuation of these assets were based on present costs, the actual present book value would be much higher.

2 SPECIAL ADVANTAGES

1. An immediate and direct return of approximately 7.70% is received by the investor in this preferred stock.

2. It is non-assessable.

3. It is free from all State, County and Municipal Taxes in California, except Inheritance Tax.

4. It is exempt from the Normal Federal Individual Income Tax.

5. It assures a continuation of the liberal return obtainable under the present favorable security market conditions, as distinguished from the short-term investments which may, and many of which probably will, be redeemed when opportunities for reinvestment are not as advantageous as at present.

6. Dividends are paid at convenient intervals—four times a year.

7. Information regarding the Company is at all times available to stockholders.

8. The development of the East Bay Section will be aided by investments made in this stock.

9. Investment may be made in any amount from one share upward.

East Bay Water Company Stock is held by more than 1,000 stockholders—most of whom reside in this community. Existing conditions enable the Company to offer this stock, for the present, at the attractive price of \$78 per share, payable at the buyer's option either in full or in easy installments. Dividends—\$6.00 per share per annum—are payable at the rate of \$1.50 per share every three months by check mailed to stockholders.

At the Present Price of \$78 the Investment in This Stock Yields Approximately 7.70%

Orders may be placed or further information obtained at any of the offices of the East Bay Water Co.

Store for Lease

Very desirable store, 20-ft. frontage; 100 feet deep, on 13th St., near Broadway, to lease; also space on second floor suitable for sample rooms or light manufacturing purposes. Apply Mr. Brown, Oakland Tribune Office.

Do you eat

H-O
HORNBY'S OATS

-or just oats?

The difference:

1. We steam-cook H-O, so you only have to cook it a few minutes.
2. Pan-toasting brings out an entirely different and delicious flavor, and gives it that rich, golden color.
3. It cooks up flaky—not sticky and pasty.
4. It comes to you clean and fresh, in an airtight Waxseal wrapper.

THE H-O CEREAL COMPANY, Inc.

SWINDLE SUSPECT PUTS UP \$150,000 TO GAIN RELEASE

Chicago Police Peeved When They Learn Man Is Freed At Riverside, Cal.

LOS ANGELES, April 4.—Unless Edwin Anderson has experienced a change of heart—at \$150,000 per change—he is aboard a train bound for Chicago today, a prisoner in custody of himself.

Chicago police seem to think Anderson is "kidding." Anderson is wanted there on a charge of having embezzled \$29,000 worth of securities belonging to Earl L. Hart, with whom he was associated in the G. B. Yates Machine company at Beloit, Wis.

As evidence that he is sincere in his promise to surrender Anderson, before his departure yesterday deposited with bankers in Riverside, Cal., bonds worth more than \$150,000, which he claims are his own.

DEPOSITS BONDS

Anderson was arrested in San Bernardino. He and his wife have been wintering in Riverside. At the suggestion of Judge J. F. Thompson of Pasadena, Chief of Police Deiss of Riverside consented to release Anderson when the latter offered to deposit the bonds as surety for his appearance in Chicago.

Later, however, Chicago police

wired that Anderson evidently had "put one over."

RELEASED ON BOND

CHICAGO, April 4.—Chicago police today are considerably "peevish" at E. S. Deiss, chief of police of Riverside, Calif. They blame Deiss

for the fact that Edwin Anderson, alleged swindler, is not in custody. Anderson was arrested in Riverside, and Chicago detectives were preparing to go to California to bring him back. The Riverside chief, wired back that Anderson had declared the charges were false and that he had left \$150,000 in securities as a bond.

ed to be allowed to return alone, thus avoiding the embarrassment of traveling as a prisoner.

Chief Hughes telegraphed a vigorous protest, but the Riverside chief wired back that Anderson had declared the charges were false and that he had left \$150,000 in securities as a bond.

If you see it in The TRIBUNE tell them so.

Oakland I. O. B. B. To Install Tonight

The regular initiation ceremony of Oakland Lodge, No. 252, Independent Order B'nai B'rith, will be held this evening at Temple Sinai, Twenty-eighth and Webster streets. Special features of the program which will be given during the evening include vocal numbers by Can-

tor Reuben Rinder. Rabbi Emanuel J. Jack of Stockton will be the speaker of the evening.

Over seventy-five candidates will be initiated, it is announced. It is expected that at least 500 members of the order from various parts of the State will be in attendance.

Mount Ararat, in Armenia, the resting place of Noah's Ark, is 12,700 feet in height.

Figure 1 is a schematic representation of the experimental design. It shows a sequence of three main phases: Pretest, Training, and Transfer. Each phase is represented by a box. The Pretest phase is divided into 'Pretest' and 'Posttest' sub-phases. The Training phase is divided into 'Training' and 'Posttest' sub-phases. The Transfer phase is divided into 'Transfer' and 'Posttest' sub-phases. Arrows indicate the flow from Pretest to Training to Transfer. A legend indicates that 'Pretest' and 'Posttest' are represented by boxes with diagonal lines, and 'Training' and 'Transfer' are represented by solid black boxes.

OAKLAND LABOR DEMAND GROWS

**DEMAND GROWS
NORMAL NEA**

Monthly Report of S
Shows City Holding
Its Place.

When the Oakland office of state and federal employment reau yesterday sent 142 men women to positions, it struck a blow which has not been matched nearly a year and indicated a reversal of labor demand that will mean

The Oakland bureau held fourth third place in this figure, the basis of the Negro representation of 3669 or more women each week.

This is the figure which has been usual to spring labor turnover more normal times.

The biggest demand came the Oakland shipyard, yesterday nearly six score men being sent to the Bethlehem and 3 companies.

Forty women were sent to "work yesterday."

The Oakland bureau held fourth third place in this figure, the basis of the Negro representation of 3669 or more women each week.

placed 13,221 workers since the beginning of its accounting year last.

**S. P. COMPLETES
TUNNEL CHANG**

Announcement is made by Southern Pacific to the effect that road's tunnel elimination at Marcel and Cable in the Teha mountains by a line change 2700 in length. Old timber-lined were the source of some danger.

The new line called for two cuts and two embankments with excavation of 20,000 cubic yards of material.

Describing the work, the company says in part:

"On the Tehachap, there are tunnels, all originally timber. The company has been following a campaign of enlarging these to steel and section 22 feet high and them with concrete. Ten of the tunnels have been completed and

"In the case of the Marcel and tunnels it was found cheaper to the line change. The elimination of the tunnels also was desirable because of the difficulty of operation due to the peculiar manner in which smoke behaved in them. The

The project entailed a difficult engineering feat in that the line was close to the east end of the tunnels. Since the act of extending took away the support from the tunnel it was necessary to construct a 'shoo-fly' line outside of the main line. Traffic was then diverted over the 'shoo-fly' while steam was cut in to the side of the old tunnel.

SHIPPING, TUGS, PRICES AND NEW LINES'S COMMERCE

PENNSY'S WAGE CUT ACTION IS WATCHED HERE

Big Eastern Road Retracts Class Ruling: To Treat All Alike.

Particular attention was attracted in coast railroad circles today by news of the announcement that the Pennsylvania Railroad would not carry into effect a wage cut directed by the Interstate Commerce Commission and to have gone into operation on April 20.

The announcement, applying to lines east and west of Pittsburgh, was made by C. S. Krick of Philadelphia, chairman of the general managers' committee of the railroad.

Krick said no reduction would be made until such time as the Interstate Commerce Commission should have decided on the basis of the evidence presented by the railroad and the labor union.

He said that the Pennsylvania Railroad was not in a position to accept a wage cut of 10 percent, as the Interstate Commerce Commission had suggested.

He said that the Pennsylvania Railroad was not in a position to accept a wage cut of 10 percent, as the Interstate Commerce Commission had suggested.

California's Fruit Men Learn to Market by Sea

By HOLLAND

NEW YORK, April 5.—Soon after word was sent that it is willing to accept reduced wages based probably upon the increased earning power of the dollar, the fruit men of California learned to market by sea.

The discovery made by the California fruit men, undoubtedly suggested to the fruit growers of California that they might be able to market their fruit in the West if they could get the Panama Canal at smaller cost than the transportation of fruit by rail across the continent.

They appear to have been right in this conjecture, for they have shipped California fruit by way of the Panama Canal to Baltimore and placed it upon the market there at a considerable price, less than the transportation of the fruit by rail across the continent would have entailed.

In fact, water transportation of fruit from California to Baltimore or New York is considered by the fruit men to be the cheapest method of reaching the markets of the north.

HOOPER HOLDING CONFERENCES ON BIG TRADE DRIVE

Consider Plans To Expand Commerce, Domestic and Foreign.

WASHINGTON, April 5.—Announcement was made last night that Secretary Hoover will today begin a series of conferences with representatives of the United States Chamber of Commerce to consider methods for expanding American trade, both foreign and domestic.

The committee was appointed at Hoover's request to cooperate in working out a plan for closer relations between business and the government.

Committees from all the great industries of the nation, Hoover has announced, are to be named to aid in the work of the committee.

Hoover said, to develop results of preliminary conferences held with representatives of the industry on the necessity for protection against Germany.

Wireless Reports

These reports are based on the position of ships at 8 o'clock last night—the only hour at which the wireless information is issued.

Monday, April 4.

Class A Water Stock Is Offered For Sale

Public offer of Class A stock was made today by the East Bay Water Company.

According to the company, the stock is being offered at a figure to return 7.70 per cent.

In presenting the stock a statement of the company's business and finances is made showing that there are now 73,517 consumers in the nine principal East Bay communities and that last year the surplus available for dividends was \$419,350.

The company's stock, which is non-assessable, is held by more than 1000 persons.

REDEEMING OWN WAGES

The number of railroad employees who, of their own motion, sent word a few days ago to the company which employs them that they are willing to accept a reduction in wages was small.

The company, for which they do work operates a small line in the vicinity of New York so that the number to which it pays wages is not large.

But the example which was set by those who voluntarily offered to take less pay, might be followed by employees of other railway companies and, by and by, perhaps by all who are thus employed.

Skilled workers on one of the larger railway systems of the United States whose eastern terminal is at New York now are holding consultations with the company to see whether or not they shall send word to their railroad management that they are willing to accept a reduction in pay.

Dean Daggett Sees Defect in Marine Act

Professor Stuart Daggett, dean of the college of commerce at the University of California, has published in the current Annals of the American Academy of Political and Social Science a paper in which he discusses the defect in the merchant marine act of last year.

Dean Daggett holds, with other critics of the act, that the section which provides for the appointment of a board of marine commissioners is the defect in the act.

The section now stands suspended by the Interstate Commerce Commission at the instance of the Shipping Board and the Coastwise Shipping Board.

Seamen Renewal Agreements Urged

WASHINGTON, April 5.—Secretary Hoover was requested today by Andrew Furuseth, president of the International Seamen's Union, to use his personal and official influence in arranging a conference between the American Ship Owners' association and officials of the seamen's union with a view to negotiating renewals of wage and other agreements, which expire April 30.

It is reported here that the ship owners are prepared to insist upon a wage reduction of 25 per cent, elimination of all overtime provisions in the present agreements and several changes in working conditions.

Ice Cream Company Reports Large Sales

Sales of \$142,550 last year were reported by the company general manager, at a special meeting of directors held today.

The company, which has an Oakland branch, The directors declared the regular quarterly dividend of \$1.00 per share, which is a record for the company.

The dividend was made payable on April 1, past, to stockholders of record the preceding day.

SHORT OF FUNDS

It is recognized that this proclamation in the payment of bills is not a new thing, but it is a new thing in the history of the country.

It is caused by the inability of the railroads to obtain sufficient funds to meet all their obligations.

Some of the railroads are carrying the railroads in their hands, and some are carrying the railroads in their hands.

Dean Daggett Sees Defect in Marine Act

Professor Stuart Daggett, dean of the college of commerce at the University of California, has published in the current Annals of the American Academy of Political and Social Science a paper in which he discusses the defect in the merchant marine act of last year.

Dean Daggett holds, with other critics of the act, that the section which provides for the appointment of a board of marine commissioners is the defect in the act.

NEWS OF U. S. INDUSTRIAL AND FINANCIAL CIRCLES

UNCERTAIN TREND MARKS DEALINGS IN WALL STREET

Studebaker Is Most Prominent On Constructive Side; Extends Lead.

NEW YORK, April 5.—Initial dealings in the stock market today were again very irregular and confusing. The constructive side Studebaker was most prominent, rising a point in the first few transactions and soon extending its lead to 1-5-8.

General Asphalt and Houston Oil were strong with American Petroleum, American International, St. Paul and Sears-Robuck. Unsettled conditions in Holland probably accounted for the two-point reaction in Royal Dutch.

Steel, Car, Kelsey Wheel and Atlantic Gulf also were reactionaries. Mexican Petroleum, yesterday's most erratic feature, yielded a large fraction at the outset, but soon steadied.

Aside from rails in which dealings were nominal and Atlantic Gulf, where further severe pressure was evident, the market steadily advanced during the active forenoon.

Money was the propelling factor, compelling the market to rise to the lowest initial rate for such accommodations in more than two months. Oils, motors and rubbers gained 1-2 to 1-3, steel, electrical, metals and copper 1-2 and specialties of diverse types, notably American Woolen Central Leather, International Paper, best sugar and Sears-Robuck 1-2 to almost 3 points.

Exchange in London recovered part of yesterday's reversal.

PRETTY NURSE
TELLS WHY LANZ
LEFT HER WEALTHMrs. Templeton Says Doctor
Asked Her to Provide
For His Mother.

Her eyes flooded with tears, Mrs. Elizabeth Templeton, pretty nurse, who when Dr. Paul Lanz left his fortune of \$100,000 in a will, left her the title of a medical book, today bared some of the details of her association with Dr. Lanz, during the trial before Superior Judge E. C. Robinson on the will contest brought by the widow, Mrs. Ruth Lanz.

The story bore directly on the charges by Mrs. Lanz that Mrs. Templeton had lived with Dr. Lanz in improper relationship, and that he was under her hypnotic power, which unduly influenced him to make his will in her favor.

"The doctor knew me good night after he had made his will," said Mrs. Templeton, and said he felt much better, since he knew that the two who were nearest and dearest to him had been provided for. "Before that he had asked if I would take care of his mother if anything happened to him. I said I certainly would. Then he took a blue pencil and wrote in the will, 'This is for you.' He then told me to keep a certain part of the money invested, so that the interest would provide for his mother's needs. He said he did not trust his wife."

NONE LEFT BUT DOCTOR

In telling of a visit to Dr. Lanz at the Belmont sanitarium, where he was taking the drug cure, Mrs. Templeton said:

"Mrs. Lynch asked me to come, as she knew I had no one left but the doctor."

"Your honor," interrupted one of the men jurors, "what does the witness mean when she says she had no one left but the doctor?"

Mrs. Templeton's attorney, W. H. Gray, at once brought out, by further questioning, that she meant her husband had taken her children from her after she entered Dr. Lanz's employ.

NURSE TO HER CHILDREN

"No," said the witness, biting her lip to keep the tears back, "my husband gave me a position as nurse to his children."

The reconciliation, it was afterward learned, took place later.

Judge Robinson refused to permit testimony tending to show whether or not Dr. Lanz had given instructions of narcotics to his wife.

"Not in the least," said Judge Robinson.

Mrs. Lanz had testified that Dr. Lanz gave her injections of some medicine, she had learned, while she was asleep.

Attorney Gray declared during the argument that Dr. Lanz had forced his wife to leave their home because she instructed his mother and because she was under the influence of liquor.

The court said he would not permit the testimony except as it might throw some light on Dr. Lanz's mental condition.

Speeding of Auto

Busses Checked

SAN FRANCISCO, April 5.—In a campaign directed against speeding auto busses, members of the San Mateo county Board of Supervisors yesterday took a trip over the highways of the district for the purpose of instructing all traffic policemen that the speed law must be enforced in regard to auto busses.

Leland Bonds, James Danziel and James Logan, traffic policemen, assured the supervisors that there has been a marked decrease in the amount of speed law violation by the auto busses since public opinion has become aroused against them and that the violations of the law at present are few.

School Board in Tumult
Over Building Wrangle
And Political Charges

Taxed by a lobby insisting on the abandonment of the present Ray school program which would use the present old school house as the nucleus of the new one, the Board of Education last night, by a vote, defeated a motion to reconsider, and the matter is now where it was before.

The board last decided to discuss the construction of the Stonehurst school next Wednesday night at the Committee of the Whole, with Stonehurst residents present.

Not far from a Board of Education meeting has been so tumultuous. The meeting was also replete with bitter dialogue between board members.

Director Fred Campbell accused Superintendent of Schools Hunter of politics. Hunter asserted that Campbell had "backed" the meeting with the women of the lobby. Chairman Gray told Director Pease to "sit down" on two occasions. Pease said Hunter had accused him of being short of a lack of business ability.

LAST IT, SAYS WOMAN

Mrs. Short told Pease his statement was "an insult" and threatened withdrawal from the meeting. Director Fred Campbell suggested the resignation of Business Manager J. J. Gray.

The tumult began when the request of various members of the Ray school Parent-Teacher Association was read asking the abandonment of the old school. Among those interested in the petition were Mrs. S. A. McHugh, Mrs. C. Wyman, Mrs. C. T. Gifford and Mrs. Albert Rank.

Director Fred Campbell, who then referred to the report of Building Inspector Joseph Lloyd, condemning the structure.

Lloyd's report, in part, reads:

"I find one boiler in the basement housed in a wooden room without as much as lath and plaster protection against fire, which condition is very dangerous. Should a fire break out in this basement, in a very short period of time the whole building would be enveloped in smoke and flame, and inasmuch as this is an old two-story wooden frame building with absolutely no fire-escape facilities, we consider it a crime to house hundreds of small children in such a place. In our estimation an attempt to remodel this old and antiquated structure would be a waste of time and energy."

Business Manager Barzee asserted that Lloyd had not spent as much as fifteen minutes in the building, and that his inspection failed to reach many other parts of the building, in better condition.

"Do I understand you to say the report is misleading and false?" asked Fred Campbell.

"In three instances," said Barzee, "I am not doing politics," said Campbell, "but I hate in my hand a paper which asserts that the superintendent of schools and the business manager have told the school principals to vote for a certain candidate."

"Then I suggest," said Campbell, "that we tell Commissioner Alois that his officials in the building department are incompetent."

"I have more faith in their ability than in the ability of the president of this board," said Dr. Pease. "I suggest we have an official investigation. The board encourages the facts concerning the upkeep of public buildings."

"The Ray school is in a horrible condition," charged Campbell. "I would like to see the people relieved of this menace."

Mrs. Short took exception to Director Pease's statement about "remouffage."

"In my long service with this board," she said, "I have never seen it justify the word 'remouffage'."

The question of politics was then raised.

POLITICS CHARGED

"I am not doing politics," said Campbell, "but I hate in my hand a paper which asserts that the superintendent of schools and the business manager have told the school principals to vote for a certain candidate."

"Then I suggest," said Campbell, "that we tell Commissioner Alois that his officials in the building department are incompetent."

"I have more faith in their ability than in the ability of the president of this board," said Dr. Pease. "I suggest we have an official investigation. The board encourages the facts concerning the upkeep of public buildings."

TIBURON TO BE
REBUILT; PLANS
ARE DISCUSSEDSupply of Food Being Brought
Into Town For Victims
of Fire.

Preliminary plans are being discussed for rebuilding the devastated business districts of Tiburon, destroyed by fire which raged several hours yesterday. Only three stores remain in the business section. The loss is estimated in the neighborhood of \$100,000 and it is said that only a small portion of this was covered by insurance.

Arrangements are now under way to bring in a supply of food for the victims of the fire. In addition to the stores, there were six dwellings destroyed, five of which were unoccupied. These five were the property of Thorne Kashaw and Frank Shollholz. The sixth was occupied by Frank Muller.

Heroic work on the part of the fire fighters, regular and volunteer, marked the disaster. A heavy north-west gale fanned the flames and rendered the work of fire-fighting and rescue of victims doubly difficult.

The fire is believed to have been caused by an overheated stove in the pool hall of Cornelius Sullivan. Nine-year-old Marjorie McNeill, daughter of James McNeill, hotel proprietor across the street from pool hall, was the first to give the alarm of the fire.

WOMAN AROUSED

"Your statement is an insult," said Mrs. Short. "I have been put here by men voters as well as women. I will not sit here and listen to such charges against the men and women of Tiburon."

"Stop this," said Chairman Gray, to Pease. "I do not think that, talking as you have, you should be allowed the floor any longer."

"I appeal from the decision of the chair," said Pease who thereupon spoke at length on the whole building program and finally worked around to the subject of school sanitation.

"I will continue," said Pease, who did so.

"Not in my presence," said Gray. "I'm going home."

"That is no evil," said Pease. "The quicker you go home the better for the women and children of Oakland."

APPEALS FOR PEACE

"For heaven's sake, let us stop this," said Mrs. Short. "Let us vote on the matter."

The vote was taken and the project for reconsideration was defeated.

Building Robbed

ALAMEDA, April 5.—Thieves entered a building being constructed by L. Pfeiffer, 2136 Epinal avenue, at Washington and High streets, first sale of school bonds, yet Stonehurst has received nothing. It was alleged that Stonehurst had been promised \$20,000 to start the school. Mrs. Short, on investigating, found this was true.

"Has the construction department made plans for this school?" asked Pease.

"Not yet," he was told.

PEASE FAVORED

"Then," said Pease, "I think we should discharge the construction department and all its salaried men, and put the money into schools."

"Who is going to construct the schools, then?" asked Mrs. Short.

Marston Campbell, head of the construction department, replied at length, stating that he has even gone so far as to negotiate the sale of bonds despite a dull bond market, to keep the work going.

"It is not my business to put over bond issues," said Marston Campbell. "If any one can do more, let him try it."

It was finally decided to have the Stonehurst delegation present at the committee meeting Wednesday night to discuss the whole Stonehurst situation.

FARMER DROWNS SELF

SALEM, Ore., April 5.—Nels Christian Jorgensen, about 60 years old, committed suicide by drowning himself in a ditch on his farm near Chemawa Sunday.

WIDE INTEREST
IN AD-MASQUE
QUEEN CONTESTGeneral Committee Will Pick
Prettiest Girl On
April 30.

Who will be Queen of the Ad-Masque ball? Noon of April 30 will give the answer. In the meantime, the mail is bearing hundreds of photographs of the most beautiful working girls in Alameda and Contra Costa counties to the Ad-Masque committee headquarters, 234 Blake block, Oakland. Miss Veronica Hyde is among the earliest entries.

The sixth annual Ad-Masque is scheduled for Saturday evening, May 7, in the Municipal Auditorium. It has been ruled that the most beautiful working girl in the two counties shall preside as queen. Not only will she don the royal robes, but a complete course in moving picture acting in the Belasco studios in San Francisco will be awarded her. Rumors suggest that Mack Sennett and other well-known movie men will have a part in the final choice.

Young women wishing new photographs may "phone the Ad-Masque committee for information regarding the local studio which has been named for the headquarters."

Rules for the contest follow:

"The candidate must be a working girl, employed at the present time in one of the following divisions: factory girls, nurses, department store salesgirls, specialty store salesgirls, telephone operators and office girls."

She must live and work in Alameda or Contra Costa counties.

Her photograph must not be more than a year old.

Any number of poses may be submitted, but none can be returned.

The contest closes at noon April 30. Send pictures to Ad-Masque committee, 234 Blake block, with the following information on the reverse side: Your name and address, date and employer's name and address.

dress. If photos are mailed, protect them with cardboard.

Features of the great fun frolic will include a concert, a colorful pageant, continuous dancing to the music of two orchestras. A large sale of boxes to firms and organizations of the city is reported.

AGED WOMAN IS
KILLED BY TRAIN
WHILE ON WALKMrs. Mary E. Carr, Pioneer,
Returns From Berkeley
Hills To Death.

BERKELEY, April 5.—A daily walk of several miles taken for her health yesterday cost the life of Mrs. Mary E. Carr, 71-year-old California pioneer, who met her death under the wheels of a Santa Fe passenger train at Main street and Masonic avenue, Albany.

Mrs. Carr, who was formerly Mrs. Mary E. Moore, had spent Sunday night at the home of her son, William J. Moore, 487 Rich street, Oakland, and had planned to return to her home at 1129 Laguna street, San Francisco, yesterday. She was on her way to take a train after enjoying a walk in the Berkeley hills when she was struck by the Santa Fe train.

According to members of a section gang working along the railroad tracks, they called to Mrs. Carr that a train was approaching. The aged woman, they say, became confused and ran directly in the path of the train. She was hurled ten feet and when rushed to the Berkeley Emergency hospital was dead. Insurance papers and \$60 in money first identified her as Mrs. Mary Moore, but her son later completed the identification.

Mrs. Carr was a native of New York and resided in California for half a century. Besides her son in Oakland, she is survived by a daughter. Funeral services will be conducted at 10:30 o'clock tomorrow morning at the parlors of Deputy Coroner Frank Berg, 1936 University avenue, with cremation following.

WOMAN BURNED TO DEATH

ASTORIA, Ore., April 5.—Mrs. M. C. Walters, 36, wife of a locomotive engineer on the logging road of the Saddle Mountain Logging Company, was fatally burned Saturday when she attempted to start a fire in a stove with coal oil, according to word brought here.

TETRAZZINI

The World's Greatest Coloratura
Soprano writes of the

SOLOELLE

The Tone-Coloring Solo Player Piano

"The SOLOELLE supplies what has heretofore been lacking, a complete and separate control of melody and accompaniment, and gives the user the widest latitude in tone-coloring effects. Its simplicity of construction and control is most remarkable; SOLOELLE effects cannot be termed mechanical, but truly musical."

Luisa Tetrazzini

There is absolutely no comparison between other player-pianos and the SOLOELLE. The SOLOELLE is different—it is far superior to any player-piano that you have ever heard—it is not merely an improvement—it starts where every other player-piano leaves off and overcomes the deficiencies which mar their music.

The SOLOELLE gives you the power of piano expression—the technique—the mastery of tone, so that you yourself (even if you have never been instructed to play upon the keyboard) may give true expression to your own musical thoughts and emotions.

Hear and play the SOLOELLE before buying any player-piano.

Prices range, \$775 to \$1675
